AND WHEREAS Nurses are an integral part of the delivery of health care services in facilities, programs and communities throughout the province, and have a shared commitment and responsibility for the provision of appropriate, quality health care to Manitobans;

AND WHEREAS the Employers Organizations are responsible for the provision of health care services and programs for Manitobans, and as such desire to attract and retain nurses to work as part of the delivery of those services;

AND WHEREAS the parties recognize that it is in the best interest of the health care delivery system to have all parties working together towards these mutual goals, and the parties wish to work towards the achievement of these goals through collaborative initiatives to optimize patient care;

1. The Employers Organizations through the Provincial Health Labour Relations Services (PHLRS), and the Union, agree to establish the Patient Care Optimization Committee, which shall have a dual purpose:

1203 A nurse may be accompanied by, or represented by, a Union representative at any stage of the grievance procedure.

1204 A nurse or Union representative shall request permission from their immediate supervisor to leave their duties in order to process grievances; they shall report to their immediate supervisor upon their return; they shall be granted this permission when, in the opinion of their immediate supervisor, it will not prejudice care or student education or require any staff replacement in either area. They shall not suffer loss of salary when engaged in such activities during regular working hours.

1205 Discussion Stage:

A nurse shall, within fifteen (15) days of the occurrence of the grievance, attempt to resolve the grievance through discussion with their immediate supervisor outside the bargaining unit, and if the matter is not settled to their satisfaction the nurse may proceed with the grievance themselves or elect to be represented by a Union representative.

The Employer agrees to notify the Union in writing when there are changes in personnel in these positions.

1207 Step Two:

If the grievance remains unresolved, the Union may, within a further ten (10) days, submit the grievance in writing to the appropriate Human Resources Director or designate, who shall reply in writing within ten (10) days of receipt of the written grievance.

The Employer agrees to notify the Union in writing when there are changes in personnel in these positions.

1208 For purposes of determining the lengths of time in the foregoing procedure, Saturdays, Sundays and Recognized Holidays are excluded.

1209 The time limits fixed in the grievance procedure may be extended by mutual agreement between the Employer and the aggrieved nurse and/or Union, and shall be confirmed in writing. The parties agree that “in writing” includes electronic communications such as email. Confirmation includes indication of receipt of such communication.

1210 Subject to the provision of Article 1209 above, and subject to Section 121(2) of the Labour Relations Act of Manitoba, failure of the nurse/Union to comply with any of the time limits specified in this Article shall result in the grievance being deemed abandoned, without prejudice.

ARTICLE 13 -- ARBITRATION PROCEDURE

1301 In the event of the failure of the parties to settle a grievance by means of the grievance procedure stated in Article 12, within ten (10) days of the date upon which the written reply referred to in Article 12 is received from the appropriate Human Resources Director, or designate, the matter may then be referred to arbitration as hereinafter set forth.

1302 A referral for arbitration shall be made in writing by either party, addressed to the other party to this Agreement, within the time defined in Article 1301. The referral for arbitration shall contain the names of three (3) proposed sole Arbitrators. The other party shall, within ten (10) days of the receipt of such notice, notify the party who referred the matter to arbitration of the acceptance of one of the Arbitrators named or propose others. Where the parties are unable to agree on the choice of a single Arbitrator, the party who referred the matter to arbitration may make application to the Manitoba Labour Board to select an Arbitrator, or proceed as outlined in Article 1303.

1303 If mutual agreement is not reached by both parties to choose a sole Arbitrator, in accordance with the process in Article 1302, then the party who referred the matter to arbitration shall submit the matter in dispute to a Board of Arbitration by giving notice to the other party within seven (7) days and such notice shall contain the party's one (1) nominee of the intended Board of Arbitration. The other party to the dispute shall, within seven (7) days after the receipt of such notice, also appoint a nominee and the two (2) nominees thus appointed shall, within ten (10) days thereafter, select a third member who shall be the Chairperson of the Board of Arbitration.

1304 Should either party fail to appoint an Arbitrator as herein provided, or if any Arbitrator thus appointed should fail or be unable to serve and another Arbitrator not be appointed in their place by the party who made the original appointment, then the other party to the dispute may request the Manitoba Labour Board to select a substitute.

1305 Should the two (2) appointed nominees fail within ten (10) days to agree upon a Chairperson, the two (2) nominees shall forward a request to the Manitoba Labour Board to select a Chairperson.

1306 It is mutually agreed by both parties to this Collective Agreement that the decision of the Arbitrator, or the decision of the Chairperson in the absence of the majority decision of the Arbitration Board shall be final and binding upon the Employer, the Union and the nurse(s) concerned; however, the Arbitrator or the Arbitration Board shall not be authorized to make any decisions inconsistent with the provisions in this Collective Agreement.

1307 The Arbitrator or Board of Arbitration shall determine its own procedure but shall give full opportunity to all parties to present evidence and make representations.

1308 In the event of a grievance alleging unjust layoff, suspension or discharge being referred to arbitration, the Arbitrator or Board of Arbitration shall be authorized to rule whether or not the nurse(s) concerned shall be reinstated and, in the event of reinstatement, shall also be authorized to make an award in terms of compensation for regular salary lost or a reasonable alternate award, however, any monetary award shall not exceed the difference between salary lost and any wages that may have been earned from employment with another employer during the period of the layoff, suspension or discharge.

1309 Any costs incurred by either of the parties hereto, preceding or during arbitration proceedings, shall be borne by the respective parties incurring such costs, but the costs of the Arbitrator or of the Chairperson of the Arbitration Board shall be borne by the parties hereto in equal shares.

1310 For the purposes of determining lengths of time in the foregoing procedure, Saturdays, Sundays and Recognized Holidays are excluded.

1311 Nothing in this Collective Agreement shall preclude a nurse or the Union committee and the Employer from mutually agreeing to settle a dispute by means other than those described in the grievance and arbitration procedures or to extend any of the stipulated time limits.

1312 Nurses whose attendance is required at arbitration hearings related to the Agreement shall be given permission to be absent from work and shall not suffer any loss of salary as a result.

1313 The Arbitrator shall be requested to provide both parties with a hard (paper) copy as well as an electronic version of the arbitration award.

This clause shall not, however, prevent trial and implementation of changes in shift length if mutually agreed between a majority of nurses whose schedule is affected, the Union representing those nurses whose schedule is affected, and the Employer. Any change in shift length agreements shall take the form of an addendum attached to and forming part of this Agreement.

Applicable for Health Sciences Centre and CancerCare Manitoba sites only:

1502 Requests for interchanges in posted shifts or a portion thereof shall also be submitted in writing, co-signed by the nurse willing to exchange shifts with the applicant. Where reasonably possible, interchanges in posted shifts are to be completed within the posted shift schedule. It is understood that any change in shifts or days off initiated by the nurses and approved by the Employer shall not result in overtime costs to the Employer. Requests for interchanges shall be granted if reasonably possible, including considering the length of notice provided by the nurse and shall receive a prompt reply.

1503 Night shift shall be considered as the first shift of each calendar day.

1504 Master rotations for each nursing unit shall be planned by the Employer in meaningful consultation with the nurse(s) concerned.

The Union acknowledges that the Employer may not in all instances be able to comply with this provision and agrees that when compliance is not possible, the number of shifts may be increased, subject to a double payment of the shift premium being applicable to the shifts worked in excess of fifty-two percent (52%). This provision does not apply to nurses who have agreed to work permanent Evenings and/or Nights or who have accepted a position which has been bulletined as having a non-conforming shift pattern.

A letter will be forwarded to the Worksite President to inform them of the commencement of the trial period.
 - (b) The length of the initial trial period for Group Self-Scheduling shall be six (6) months in length or for a shorter period as mutually agreed between the Union and the Employer.
 - (c) Six (6) weeks prior to the completion of the initial trial period, a meeting of all participating nurses on the unit/worksite/program and the Employer will be held to evaluate Group Self-Scheduling.
 2. Upon mutual agreement between the Employer and the Union the Group Self Schedule shall continue for a minimum duration of an additional six months. The Employer shall not unreasonably withhold its agreement. In the event the parties are not able to agree the Collective Agreement provision on Hours of Work, Article 14 shall apply.

The Group Self-Schedule may be cancelled at the end of any six (6) month period by either the Employer or the Union by giving written notice of at least six (6) weeks to the other party of its desire to terminate the agreement. The notice shall coincide with the effective date of the implementation of the existing/new master rotation for the unit/worksite/program. This date must commence with the beginning of a new pay period.
 3. Group Self-Scheduling shall not result in any additional costs to the Employer
 4. All full-time and part-time nurses on a unit/worksite/program may participate in Group Self- Scheduling.

5. Terms and conditions of the Collective Agreement, Appendices and Supplementary Memorandums of Understanding shall remain in full force and effect, except as outlined in # 6. below.
6. All self-scheduling groups shall follow the attached Self-Scheduling Guidelines. The scheduling provisions of Article 1504 (a) to (f) inclusive do not apply to the Group Self-Schedule.
7. The Master Rotation must be in place for each unit/worksites/program in accordance with the provisions of Article 1504 of the MNU Collective Agreement. 8. A nurse who is participating in Group Self-Scheduling has the option of reverting to being assigned their shift schedule in accordance with their line on the Master Rotation and a nurse who has a Master Rotation has the option of participating in a self-scheduling group. The nurse must advise their out-of-scope manager/designate in writing of this request two (2) weeks prior to the next round of shift selection. This scheduling preference, Master Rotation or Group Self-Scheduling, must be worked for a minimum of six (6) months before making another change.
9. It is understood that this Article shall apply to any nurse or group of nurses whether or not they have a master rotation.

B. GROUP SELF-SCHEDULING GUIDELINES

Group Self-Scheduling is intended to promote, recruit, retain, engage and offer nurses the opportunity to have flexibility in their work schedules. This is balanced with the unit/worksites/program being staffed properly to ensure patient/resident/client care requirements are met.

C.

1. The Employer established Master Rotation will be used as the basis for each nurse within the Group Self-Scheduling unit/worksites/program. Only occupied Master Rotation lines can be used for Self-Scheduling.
2. A Self-Scheduling Group can consist of two (2) or more nurses on the same unit/worksites/program who agree to work together and take responsibility for coordinating and selecting their scheduled shifts within the combined

Master Rotation schedules of the group over the scheduling period. Each nurse must meet their current EFT requirement within the posted shift schedule and the additional requirements contained herein.

3. The out-of-scope Manager/designate has the responsibility of overseeing the process and has final authority in resolving issues. However, such authority is to be exercised reasonably and in accordance with the principles described herein.
4. To form a self-scheduling group, nurses must be of equal competency and skill sets. Where necessary, consideration must also be given to ensuring that there are nurses who are able to take charge/special skill assignments (e.g. triage, LDRP, OR, clinic, etc.) based on the Employer Master Rotation requirements.
5. Nurses within the self-scheduling group are not allowed to schedule themselves in a way that would incur any overtime costs.
6. Each nurse must have a minimum of one (1) paid shift within each pay period. The Employer will establish a process to allow for the elimination of this requirement no later than twenty-four (24) months after the date of ratification (July 8, 2024) of this Agreement. The parties agree this requirement will be invalidated upon establishment of such process but in any case no later than twenty-four (24) months after date of ratification (July 8, 2024).
7. Shifts can be interchanged once selections are completed, however all nurses may be recommended to work a minimum of four (4) week day shifts in a six (6) week period in order to maintain adequate experience and for evaluation purposes.
8. The self-scheduling group must comply with the provisions of the Collective Agreement and meet the deadlines of these guidelines and the current posting practices, except as identified in #6. above.
9. The out of scope Manager/designate will receive the proposed schedule of the self-scheduling group no later than two (2) weeks prior to the required posting date for the schedule period. The out of scope Manager/designate must approve the proposed schedule prior to it being posted as part of the unit/worksite/program posted schedule. Such approval is not to be unreasonably denied. If approval is denied, the Employer will notify the Union in writing as soon as practicable, such notification to include the reasons for denial.
10. Vacation scheduling will be done in accordance with Article 21.

11. All changes to the self-scheduling group schedule must be confirmed with the out of scope Manager/designate.
12. Group Self-Scheduling meetings shall be held at least once a year so that there is a forum for all participating nurses to voice concerns or make suggestions for change. Attendance is voluntary and all nurses on the unit/worksite/program shall be invited.

ARTICLE 16 -- OVERTIME

1601 Overtime shall be authorized time worked which exceeds the normal daily shift as defined in Article 14 herein or the normal full-time hours in the rotation pattern in effect on each nursing unit for full-time nurses or the normal full-time hours in two (2) consecutive bi-weekly periods for part-time nurses. Overtime hours extending beyond the normal daily shift into the next calendar day shall continue to be paid at the overtime rates in accordance with Article 1602.

Authorization must be obtained prior to the start of any overtime work except in emergency situations. The Employer agrees the authorization in these emergency situations will not be unreasonably withheld. Payment for overtime worked when emergency circumstances prevent prior authorization shall be subject to a claim accompanied by a special written report prepared by the nurse before leaving the facility/site substantiating the reason for the overtime work.

1602 Each nurse shall be paid at the rate of two (2) times their basic salary for all hours of authorized overtime in any one (1) day. A full-time nurse shall receive two (2) times their basic salary for all overtime worked on a scheduled day off. However, notwithstanding Article 1601 above, all overtime worked on a Recognized Holiday shall be paid at two and one-half (2.50) times their basic salary.

1603 Notwithstanding Articles 1601 and 1602 above, where a nurse works two consecutive shifts, the nurse shall be paid the full hours for both shifts and shall not be required to work an additional fifteen (15) minutes. At the nurse's request, any banked overtime, or portion thereof, shall be paid out on a separate cheque without a surcharge on the dates designated by the Employer. At the nurse's request, any banked overtime or portion thereof shall be paid out at any time on a regular pay cheque. Overtime may be accumulated to a maximum of seventy-seven and one-half (77.50) hours at any one time. Any overtime in excess of seventy-seven and one-half (77.50)

hours shall be paid as earned. All accumulated overtime must be taken as time off or paid out by March thirty-first (31st) of each fiscal year. Accumulated overtime not taken as time off or paid out by this date shall be paid to the nurse in the last pay period of the fiscal year on a separate cheque without a surcharge.

1605 A full-time nurse reporting back to work upon request after leaving the site following completion of a shift but before commencement of their next scheduled shift shall be paid at overtime rates of pay with a guaranteed minimum of three (3) hours at overtime rates. If the extra time worked under this subsection commences within less than three (3) hours before the start of a shift, the guaranteed minimum of overtime pay will not apply. In such cases, the nurse will be paid at overtime rates from the time the nurse starts to work to the beginning of their shift.

1606 Overtime worked as a result of the changeover from Daylight Savings Time to Central Standard Time shall be deemed to be authorized overtime.

The changeover from Central Standard Time to Daylight Savings Time will be considered as full hours worked for that shift.

1607

Applicable for all non-transferred sites and the sites within SH (direct operations)

Overtime shall be distributed as equitably as possible, within the posted shift schedule, amongst those nurses qualified for the work in accordance with Article 1601. Preference for such overtime shall be awarded in order by unit, program and then site.

No nurse shall be required to work overtime against their wishes when other qualified nurses within the same site are able and willing to perform the required work. The Employer may maintain a sign up sheet (or in electronic format) for nurses to indicate advanced availability for work in such case. The sign up sheet may include eligible nurses from the Employer, as well as the site.

1608 In every period of overtime, a paid rest period of twenty (20) minutes shall occur during each continuous three (3) hours, unless the overtime worked is a full shift in which case regular meal/rest periods shall occur.

1609 A nurse required to work overtime without advance notice for a period in excess of two (2) hours immediately following their regular shift shall receive a meal voucher for the facility cafeteria to cover the cost of a meal of up to ten dollars (\$10.00) [twelve dollars (\$12.00) effective July 8, 2024], or if this is not possible, a meal allowance of ten dollars (\$10.00) [twelve dollars (\$12.00) effective July 8, 2024], shall be provided.

Deletion of the Full-Time Weekend Worker incumbents is required for schedule conversions where there are conversions from a Full-Time Weekend Worker rotation to a regular rotation. In such case the provisions of Article 27 of the Collective Agreement shall apply.

The parties recognize that quality nursing practice is essential to the provision of safe patient care. Practical nursing skills are largely learned on the unit, whether through the consolidation of skills as new nurses, or through continuous learning as nurses progress through their careers.

The parties agree that nurses benefit from consistent, experienced mentorship and support at the unit level. Increasing clinical mentorship also aids with skill development, retention and recruitment and the promotion of safe patient care.

The primary function of the Clinical Mentor will be to act as a guide, role model, and advisor who facilitates debriefings, and shares practical, day to day, applied knowledge with other nurses. Clinical Mentors will primarily be responsible for providing rapid, just in time clinical mentorship on the unit, department, or program. The Employer reserves the right to ensure the appropriate skillset, training and knowledge is matched with the expectations of the role. The parties mutually agree that the awarding of a Mentorship Designation position shall be excluded from the application of Article 2502.

The Employer, balancing the operational needs of the unit, shall determine the number of designated mentors under A and/or B below, if any, are required on the unit. - (iii) When establishing a Clinical Mentor position the qualifications established by the Employer shall include at minimum three (3) years of recent nursing experience

(non-specialized area), and recent, relevant experience in the respective practice area in which they will provide mentorship. For specialty areas, five (5) years of recent experience in the specialty area is required. The Employer shall provide to the Union a list of specialty areas no later than September 8, 2024.

Upon request, a nurse may be permitted to retain up to three (3) [five (5) effective the 2025/2026 vacation year] days of their regular vacation for the purpose of taking such time off for personal reasons such as religious observance or special occasion. Any such days not scheduled at the commencement of the vacation year shall be requested and duly considered in accordance with Article 1501.

2102 A nurse who has completed less than one (1) year of employment as at the cut-off date shall be entitled to a paid vacation at the rate of one and one-quarter (1.25) days per month worked, however, unless otherwise mutually agreed, the Employer is not obliged to permit earned vacation to be taken until a nurse has completed six (6) months of employment.

This provision shall apply to nurses employed in the classification of Nurse IV or higher on April 1, 1998. This Article will not apply to nurses who are newly employed as or reclassified to Nurse IV or higher after April 1, 1998.

Effective vacation year 2025/2026: In addition to (a) above, all nurses employed in the Nurse IV or Nurse V occupational classifications shall be entitled to paid vacation calculated on the basis of vacation earned at a rate which is five (5) days more than the rates at which vacation is earned in (a).

- (c) Vacation entitlement for the vacation year following completion of the 3rd, 9th and 19th years of continuous employment shall be determined by a pro-rata calculation based upon the two (2) rates of earned vacation.

Applicable for Nurse Practitioners and Clinical Nurse Specialists (CNS)

- (a) A nurse occupying a Nurse Practitioner or Clinical Nurse Specialist (CNS) position shall be entitled to paid vacation calculated on the basis of vacation earned at the following rates:

<u>Length of Employment</u>	<u>Rates at Which Vacation Earned</u>

This provision shall apply to nurses employed in the classification of Nurse IV or higher on April 1, 1998. This Article will not apply to nurses who are newly employed as or reclassified to Nurse IV or higher after April 1, 1998.

Effective vacation year 2025/2026: in addition to (a) above, all nurses employed in a Nurse Practitioner or Clinical Nurse Specialist (CNS) occupational classification shall be entitled to paid vacation calculated on the basis of vacation earned at a rate which is five (5) days more than the rates at which vacation is earned in (a).

- (c) Vacation entitlement for the vacation year following completion of the 3rd, 9th and 19th years of continuous employment shall be determined by a pro-rata calculation based upon the two (2) rates of earned vacation.

2104 In recognition of length of service, each nurse shall receive an additional five (5) days of vacation on completion of twenty (20) years of continuous service, and on each subsequent fifth (5th) anniversary of employment (i.e. 25th, 30th, 35th, 40th, etcetera). Such days shall be taken during the vacation year in which the 20th or subsequent fifth (5th) anniversary occurs.

2105 For the purposes of determining the rate at which vacation entitlement is earned, the term of continuous service of a nurse will be deemed to include:

- (a) any periods when a nurse is receiving income protection benefits, is on paid vacation, is on paid leave of absence, is on unpaid leave of absence related to illness or disability of up to two (2) years

2106 Nurses on Workers Compensation or MPI (as a result of a motor vehicle accident while on duty) will continue to accrue paid vacation for a period of one (1) year from the date of the first absence from work, related to the occurrence of the compensable injury or illness.

2107 Terminal vacation pay shall be calculated in accordance with Articles 2103 and 2105 and based on the nurse's rate of pay on the date of termination.

2108 The Employer shall notify each nurse, prior to their vacation, of the date and time upon which they are to report back to work following their vacation, but this will not preclude the making of a change during the nurse's vacation period if mutual agreement is reached between the Employer and the nurse.

2109 The Employer shall be responsible for posting the vacation entitlement lists, along with a list of the number of nurses in each occupational classification per unit/site that may be scheduled for vacation at one time, in an accessible location, by February 1st (**March 1st @ Diagnostic Services, CancerCare Manitoba, Eden Mental Health Centre, and Rehabilitation Centre for Children**) of each year. The vacation entitlement lists shall reflect each nurse's projected vacation entitlement as at April 30th (**March 31st @ Crisis Response Services, MAID Services, Breast Health Centre, Selkirk Mental Health Centre and Manitoba Adolescent Treatment Centre**) of that year.

Beginning February 15th (**March 15th @ Diagnostic Services, CancerCare Manitoba, Eden Mental Health Centre, and Rehabilitation Centre for Children**) of each year, the Employer shall arrange an appointment with each nurse, in order of seniority, so that the nurse may indicate their choice of vacation dates, in writing. All of the nurse's earned vacation must be chosen at this time except for the three (3) [five (5) effective the 2025/2026 vacation year] days as per Article 2101. These appointments shall take place in person, unless otherwise mutually agreed, and shall include reviewing the vacation selected/approved to date.

The selected/approved vacation schedule shall be updated on an ongoing basis and shall be posted daily in an accessible location. Once a nurse's vacation selection has been approved, it shall not be changed unless by mutual agreement and without displacing the request of another nurse.

Except in extenuating circumstances, a nurse who fails to indicate their choice of vacation dates in accordance with the above, shall have their vacation scheduled by the Employer.

To the extent that it finds possible, the Employer shall give priority to those nurses in each occupational classification within each nursing unit having the most seniority within the site.

The approved vacation schedule will be posted no later than April 1st (**March 31st @ Manitoba Adolescent Treatment Centre; May 1st @ Diagnostic Services, CancerCare Manitoba, Eden Mental Health Centre, and Rehabilitation Centre for Children**). Approved vacation schedules within each nursing unit/site shall not be changed unless mutually agreed upon by the nurse and the Employer.

A nurse who transfers to another unit/site after their vacation request has been approved, shall have their vacation scheduled by the Manager of the new unit/site in consultation with the nurse within the time periods remaining during that vacation year.

Notwithstanding the above, as much as reasonably possible, the approved vacation of deleted and bumped nurses shall continue to be approved regardless of the unit/site they are displaced to. This shall not impact previously approved vacation of nurses in the new unit/site. If the displaced nurse prefers to reschedule the vacation at a time that is mutually agreeable to both the Employer and the nurse, that shall occur.

A nurse must use current annual vacation, (which was earned during the previous vacation year), during the current vacation year. If the current annual vacation is not used or scheduled by January 15th, the Employer has the right to schedule the vacation prior to the end of the current vacation year. Vacation may be paid out only in extenuating circumstances.

For former Civil Service nurses who have maintained their pension with the Civil Service Superannuation Plan, vacation days may be reserved in accordance with the Memorandum of Understanding Supplementary to the Collective Agreement.

2203 A nurse required to work on a Recognized Holiday shall be paid at the rate of one and one-half (1.50) times their basic pay and in addition it is understood that one (1) day off shall be banked in accordance with Article 2206, or the nurse may request that a day in lieu of the Recognized Holiday be scheduled on a date mutually agreed between the Employer and the nurse, or the nurse may request that they receive an extra day's pay at the nurse's basic rate of pay.

2204 A day off given in lieu of a Recognized Holiday shall be added to a weekend off or to scheduled days off unless otherwise mutually agreed.

2205 The Employer agrees to assign time off as equitably as possible over Christmas and New Year's, endeavoring to grant each nurse as many consecutive days off as reasonably possible over either Christmas Day or New Year's Day.

As much as reasonably possible, Christmas Eve and Boxing Day shall be assigned with Christmas Day; New Year's Eve shall be assigned with New Year's Day, unless otherwise mutually agreed.

Nurses shall be assigned time off over Christmas or New Years in alternate years unless otherwise mutually agreed.

2206 A nurse may accumulate up to a maximum four (4) days off in lieu of Recognized Holidays to be taken with scheduled days off or to complete a partial week of vacation or at such other time as is requested and granted in accordance with Article 1501. Unless otherwise agreed between the nurse concerned and the Employer, accumulated lieu days must be taken within the fiscal year in which they were earned. If the accumulated lieu days are not taken within the fiscal year earned the accumulated days will be paid out at one and one half (1.5) times their basic rate of pay.

Upon written request, a nurse may carryover up to four (4) days in lieu to the next fiscal year. During the fiscal year that Good Friday and Easter Monday statutory holidays occur in March, the nurse may exceed four (4) days in lieu by the two (2) Easter statutory holidays.

2207 For the purpose of this Article, a day is equivalent to seven and three-quarter (7.75) hours.

2208 The Employer will ensure that all nurses receive at least two (2) other Recognized Holidays besides Christmas or New Year's on the day on which they occur, if reasonably possible.

Applicable for Health Sciences Centre site only:

 - (v) The advance(s) will cover the period of time from the date of injury until the date the final WCB/MPI decision is received, however in no case shall the total amount of the advance exceed seventy percent (70%) of the value of the nurse's accumulated income protection credits.
 - (vi) The nurse shall reimburse the Employer by assigning sufficient WCB/MPI payments to be paid directly to the Employer to offset the total amount of the advance or by repayment to the Employer immediately upon receipt of payment made by WCB/MPI directly to the nurse.
 - (vii) In the event that the WCB/MPI disallows the claim, including any appeal, the nurse shall be paid for the absence in accordance with the income protection provisions of this Agreement and the Employer shall recover the total amount of the advance by payroll deduction.
 - (viii) Upon request, the Employer will provide a statement to the nurse indicating the amount of advance payment(s) made and repayment(s) received by the Employer.
- (b) (i) Where a nurse who has accumulated sufficient income protection credits and after giving notification of a WCB/MPI claim with the potential for related income replacement payments to the Employer, the Employer shall as soon as reasonably possible notify the nurse that they can elect to submit an application to the Employer directing that the Employer supplement the WCB/MPI payments. . Such notification shall include clear instructions on obtaining, completing and submitting the application for the supplement. The amount of such supplement will equal ten percent (10%) of the nurse's regular net salary not earned due to the time loss. Regular net salary will be based on the nurse's basic salary as defined in Article 3802 of the Collective Agreement (exclusive of overtime), less the nurse's usual income tax

deduction, Canada Pension Plan contributions and Employment Insurance contributions.

The Employer's supplement shall be charged to the nurse's accumulated income protection credits and such supplement shall be paid until the nurse's accumulated income protection credits are exhausted, or until 119 calendar days have elapsed since the first day of supplement is due, whichever comes first.

- (ii) Subject to the provisions of each plan, the nurse may request the Employer to reimburse the nurse from the supplement, if sufficient, the contributions which would have been paid by the nurse to the Employer's pension plan, dental care plan, Disability & Rehabilitation plan, extended benefit plan and group life insurance plan as if the nurse was not disabled. If the supplement is not sufficient, or where the nurse elects to receive an advance, the nurse may, subject to the provisions of each plan, forward self-payments to the Employer to ensure the continuation of these benefit plans. The Employer will contribute its usual contributions to these benefit plans while the nurse contributes.
 - (iii) Further to this, the Employer shall notify Workers Compensation/ Manitoba Public Insurance of salary adjustments at the time they occur.
 - (iv) In accordance with Section 41(6)(b) of the Workers Compensation Act of Manitoba, the Employer shall make application to the WCB by January 1, 1994 so that the WCB may determine whether or not the supplements referenced in Article 2303(b)(i) shall continue in effect after January 1, 1995.
 - (v) If at any time it is decided by the WCB/MPI that any payment to be made to the nurse by the Employer must be offset against benefits otherwise payable by the WCB/MPI, then such payment shall not be payable.
- (c) Where the WCB/MPI recommends a work assessment period or a modified return to work period, the provisions of Article 7A06 shall apply.
- (d) A nurse who is on D&R/WCB/MPI prior to the commencement of their vacation shall, upon their request, have their vacation displaced and such vacation shall be re-scheduled at a time mutually agreed between the nurse and the Employer within the available time periods remaining during that vacation year. If the nurses' current annual vacation cannot be reasonably scheduled by the end of the current vacation year the nurse may elect to

carry over to the next vacation year up to five (5) days of current annual vacation (pro-rated for part-time).

2304 The Employer shall be entitled to recover any income protection paid to a nurse if their employment is not continued beyond their probationary period, from the nurse's final termination cheque.

2305 A nurse who is unable to report for work due to illness shall inform the Employer prior to the commencement of their next scheduled shift(s). A nurse who fails, without valid reason, to give notice as specified below will not be entitled to receive income protection benefits for the shift(s) in question.

Prior to Day shift	–	One (1) hour
Prior to Evening shift	–	Three (3) hours
Prior to Night shift	–	Three (3) hours

A nurse returning to work following an absence of one week or more shall inform the Employer by 1200 hours the day prior to returning to work.

2306 The Employer, either at the time of notification by the nurse of claiming income protection, or by advance notice prior to future income protection claims, may require a medical certificate or report as proof of the validity of any claim for income protection and as proof of the nurse's ability to perform their regular duties.

Failure to provide such a certificate when requested will disqualify a nurse from receiving paid income protection and may result in a refusal of permission for the nurse to resume their duties.

2307 Days off and Recognized Holidays or days given in lieu of Recognized Holidays which fall within a period of sick leave shall not be considered a part of, or charged to, the nurse's accumulated income protection.

2308 At the effective date of this Agreement, each nurse will retain income protection benefits accumulated and not used to that date.

2309 As soon as a nurse is aware of a date upon which surgery and/or date of a specialist medical appointment will occur, they shall notify the Employer, in writing, of this date and any change thereto so that staff coverage for their intended absence may be arranged.

Where a nurse has been provided necessary time off due to scheduled surgery and/or a specialist medical appointment and where the surgery and/or a specialist medical appointment is subsequently cancelled, and where the Employer has made arrangements for alternate staffing to cover the anticipated absence, the Employer shall have the right to cancel the relief shifts.

These relief shifts shall be clearly identified as being subject to forty-eight (48) hours notice of cancellation.

2310 If hospitalized due to accident or illness while on scheduled vacation, a nurse may utilize income protection to cover the hospitalization and/or post-hospitalization period, and the displaced vacation shall be re-scheduled at a time mutually agreed between the nurse and the Employer within the available time periods remaining during that vacation year. Proof of such hospitalization and/or post-hospitalization period shall be provided if requested.

2311 Upon written request, the nurse may obtain information concerning their accumulated sick leave credits up to four (4) times per fiscal year and shall be provided with the information within thirty (30) days of the receipt of this request.

2312 Subject to the provisions of Article 2302, a nurse may use income protection for the purpose of providing care in the event of an illness of a spouse, common law spouse including same sex partner and fiancé, dependent child, dependent step-child, parent, step-parent, or parent-in-law.

2313 A nurse who has completed the probationary period who is unable to perform their work by reason of an accident or illness not fully covered by income protection, upon providing an acceptable medical certificate, shall be granted unpaid leave of absence as required for recovery; subject to review at three (3) months, or lesser intervals, at the discretion of the Employer.

2314 Accumulation of income protection will continue during any unpaid leave of absence or layoff of four (4) weeks or less.

2315 The Employer when reviewing a nurse's absences under an Attendance Management Program will consider and take into account individual circumstances and absences arising out of a medically-established serious or chronic condition.

2316 Personal Wellness Leave (PWL)

Personal Wellness Leave (PWL) is designated time off that a nurse can use to support their physical and mental wellness.

Up to two (2) days in each fiscal year may be deducted from a nurse's accumulated income protection credits to be used for PWL. The use of PWL cannot reduce the number of income protection credits to less than twelve (12) days.

The utilization of PWL is subject to the following:

- (a) the leave shall be for physical or mental wellness,
- (b) the two (2) days of leave can be used consecutively, but shall not be used contiguous with a vacation leave, and

(c) these two (2) days are not carried forward from fiscal year to fiscal year.

The nurse shall request PWL at minimum twenty-four (24) hours in advance and no more than seventy-two (72) hours in advance. Subject to operational requirements the request for PWL shall not be unreasonably denied.

PWLs are intended to support physical and mental wellness and these days will not be used by the Employer with respect to any Attendance Management Program that may relate to the nurse.

ARTICLE 24 -- LEAVE OF ABSENCE

2401 The nurse will be required to submit a written request for any leave of absence unless otherwise herein stipulated. These requests will specify the reason for the leave and will be considered on an individual basis and may be allowed at the discretion of the Employer unless otherwise indicated in the agreement; however, requests for education leave will be given special consideration. Except in emergencies, such requests must be made at least four (4) weeks in advance. The Employer shall notify the nurse of its decision in writing, within two (2) weeks of receipt of the request. Requests for extension of educational leave, maternity leave, parenting leave, adoption leave, and bereavement leave will be granted if reasonably possible.

Where a nurse requests to return to work prior to the expiry of the leave of absence as set out in the approved request, the Employer shall have no obligation to return the nurse to work until such time that the leave of absence would have expired, except as per Article 2408 C.6.

Where a nurse has been granted a leave of absence from their entire EFT, the nurse shall be eligible to work additional available shifts. However, the nurse shall not have preference over part-time nurses who offer to work these shifts. When the nurse is awarded additional available shifts, they are compensated in accordance with Article 2704 (a) – (f).

Where a nurse has requested and been granted a partial leave of absence, they will be entitled to accrual of vacation, income protection credits, pre-retirement leave, and Recognized Holiday pay on a pro-rata basis.

2402 Overstaying of leave of absence without valid reason may be deemed as a resignation.

2403

Applicable for all sites/Employers within the SHEO

The Employer shall make every reasonable effort to assure that a nurse granted leave of absence for any reason shall return to the same position. For leaves of absence of sixty (60) weeks or less, or eighty (80) weeks or less in the case of parenting leave or

parental leave, the nurse is assured of being placed in the same occupational classification within the site and at the same step on their salary scale on their return, but the nurse cannot be assured of being placed in the same nursing unit, position or shift. In the case of longer leaves of absence, a nurse may be placed in any position within the site and shall be reinstated at their previous salary, provided that such salary shall not exceed the maximum for the position in which the nurse is placed. Notwithstanding Article 3001, a nurse not placed in their former position will be given consideration over other nurses for the first vacancy made available to the nurse in a similar position.

2404 There shall be no loss of income protection accumulations or vacation accumulations up to the date of any leave of absence whether granted with or without pay.

2405 Income protection and vacation benefits will continue to accrue during any period of an unpaid leave of absence, approved by the Employer of four (4) weeks or less.

2407 A. Educational Development:

- (a) Where the Employer requires a nurse to attend educational conferences, workshops, programs or seminars during working hours, the Employer shall pay registration or tuition fees, and approved expenses and shall ensure that the nurse suffers no loss of salary.
- (b) Where the Employer requires a nurse to attend educational conferences, workshops, programs or seminars during non-working time, the Employer shall pay registration or tuition fees, and approved expenses and shall pay for the time of such attendance at straight time rates.

The Employer shall make all reasonable efforts to allow the nurse to attend the required education during the nurses scheduled working hours.

A full-time nurse shall bank the education hours at straight time rates to be utilized as paid leave during the fiscal year. Where the Employer and the nurse are unable to mutually agree on the date(s) to be taken as paid time off, the Employer has the right to schedule the time off and wherever reasonably possible the day(s) off will be

in conjunction with and contiguous to the nurses scheduled days off or vacation.

(c) Employer Sponsored Educational Development

A nurse shall be granted, upon written request, funding up to a maximum of \$200 per fiscal year, to attend approved workshops, courses, and other programs that are relevant to nursing practice. Such requests must be submitted to the senior nursing manager or designate prior to attendance at such program. The \$200 allowance referenced herein shall be for reimbursement of tuition or registration and recommended/required books and shall occur upon satisfactory completion of the workshop, course, or educational program.

B. Education Leave:

The Employer and the Union mutually recognize that additional and continuing education of nurses is desirable as a means of enhancing patient care and improving the effectiveness of nursing services.

Leave from duty for the purpose of taking post-basic courses may be granted at the discretion of the Employer, subject to the following conditions:

- (a) Application shall be made in writing to the Employer, including a description of the course or courses to be taken; the duration of leave applied for; and whether or not the leave requested qualifies for Employer assistance, subject to the terms of this Article.

- (d) When leave is applied for and assistance is granted as per this regulation, the nurse shall sign a written undertaking to the effect that upon completion of their educational course they will return to the facility during a period of not less than twice the duration of their leave, and that should they resign before the expiry of such period, they will refund to the Employer that fraction of their salary and other financial aid paid to them during their educational course which is proportionate to the deficiency in the specified period of subsequent service.

- (e) Educational leaves of more than one (1) year are subject to annual review.

2501 "Seniority" is defined as the length of the nurse's continuous employment from the last date on which the nurse commenced work with the Employer, subject to Article 34 herein.

2502 Seniority shall be considered as a factor in vacancy selection (including promotion and transfer), demotion, and if all other posted selection criteria are equal, it shall be considered as the governing factor. Seniority of a nurse relates to the seniority of other nurses in the same occupational classification and shall transfer with the nurse when moving from one classification to another.

1. The Employer and the Union mutually agree that the following understandings apply to Article 30 Vacancies, Term Positions, and New Positions with respect to nurses transferring to posted vacancies, term positions, and new positions for the duration of the Collective Agreement. The following criteria will be utilized to determine if the nurse(s) is eligible for transfer;
 - i. meet the qualifications of the posted position including the relevant experience required for that specific position;
 - ii. Nurse III, IV and V positions in Acute Care/Long Term Care and all Clinical Nurse Specialists and Nurse Practitioners are excluded
2. If more than one candidate meets the transfer criteria, the most senior nurse will be awarded the position.
3. If no candidates meet the transfer criteria, the successful candidate will be determined through a competitive process as per Article 2502.

2503 The seniority of a nurse will be retained but will not accrue if:

- (i) the nurse is on any unpaid leave of absence in excess of four (4) consecutive weeks except those referenced in (ii) below, and those referenced in Article 2504;
- (ii) the nurse is on an unpaid leave of absence due to injury or illness which may be compensable by Workers Compensation, MPI or D & R, for a period of more than two (2) years from the date of the first absence from work related to the injury or illness;

- (ii) the nurse is on any period of Employer paid income protection;
- (iii) the nurse is on an educational leave of absence up to two (2) years;
- (iv) the nurse is on an unpaid leave of absence due to injury or illness which may be compensable by Workers Compensation, MPI or D & R/LTD for a period of up to two (2) years from the date of the first absence from work related to the injury or illness;
- (v) the nurse is on any period of unpaid leave of absence of less than four (4) weeks, except those referenced in (iv) above;
- (vi) the nurse is laid off for less than twenty-six (26) weeks;
- (vii) the nurse is on Parenting Leave;
- (viii) the nurse is on Compassionate Care Leave, Leave Related to Critical Illness, or Interpersonal Violence Leave, as provided for in the Employment Standards Code.

NOTE: *Accrual under these provisions is based on the nurse's regular EFT.*

- 2505** The seniority of a nurse will terminate if:
- (i) the nurse resigns;
 - (ii) the nurse is discharged, and not reinstated under the grievance procedure;
 - (iii) the nurse is laid off for more than five (5) years;

2506 The Employer shall once annually, by January 31st, provide the Union with a seniority listing of names of nurses within the scope of this agreement, together with the length of each nurse's continuous employment with the Employer. Any alleged errors in the list will be reviewed by the Employer and corrected as soon as possible.

ARTICLE 26 -- NOTICE OF TERMINATION OF EMPLOYMENT

2601 Employment may be terminated voluntarily by a nurse or for just cause by the Employer subject to the following periods of written notice, exclusive of any vacation due:

- (a) for classifications other than Nurse IV or Nurse V -- four (4) weeks, and
- (b) for Nurse IV and Nurse V classifications, Clinical Nurse Specialist and RNEP -- six (6) weeks.

2602 Employment may be terminated with less notice or without notice:

- (a) by mutual agreement between the nurse and the Employer for special circumstances, or
- (b) during the probationary period of a newly hired nurse subject to Article 31 herein, or
- (c) in the event a nurse is dismissed for sufficient cause to justify lesser or no notice.

2603 The Employer may give equivalent basic pay in lieu of notice.

2604 Subject to other provisions contained in this Agreement relative to termination of employment, each nurse shall, unless otherwise mutually agreed, upon termination of their employment receive pay in lieu of unused vacation, and all salary earned to date of termination on the pay date applicable to the pay period in which the termination date occurred.

2605 Upon termination of employment an exit appraisal shall be forwarded to the nurse to voluntarily complete. Included on the form will be an option for the nurse to request a personal meeting with an Employer designate who is other than the nurse's direct manager.

ARTICLE 27 – LAYOFF AND RECALL

2701 Employment Security:

It is understood that the terms of Article 2701 shall not be applicable to Home Care Nurses for circumstances arising out of short-term fluctuations in client need or service.

- (a) It will be incumbent upon the Employer to notify the Union, in writing, at least ninety (90) days prior to any alteration in the delivery of health care and/or in the current complement of nursing staff.
- (b) If it becomes necessary to reduce the staffing complement, all avenues relevant to the issue of employment security for the nurses will be examined and discussed between the Employer and the Union, no later than twenty (20) days after the notification in (a) above.
- (c) The Employer and the Union agree to meet to develop the process for the planned reductions within five (5) days after (b) above.
- (d) The Employer will, wherever reasonably possible, carry out these reductions by way of attrition.
- (e) In keeping with the Employer's commitment to ensure that any affected nurse shall retain employment with the Employer, and where reductions cannot be dealt with through attrition, Article 27 shall apply. Should the nurse choose to not

exercise seniority rights under Article 27, then layoff in accordance with Article 27 shall apply.

- (f) In the event of (e) above occurring or in the event of the closure of a facility/site/program and in conjunction with (g) below, the Employer will make every reasonable effort to achieve necessary funding for retraining to assist with retention of employment for nurses.
- (g) The Employer will also cooperate with other Employers, the Provincial Health Labour Relations Services, and/or the Government of Manitoba, to participate in the establishment of a broader redeployment and retraining effort.

2702 Applicable for SH (direct operations):

When a reduction in the working force becomes necessary, nurses will be laid off in reverse order of seniority within their occupational classification within the site, subject only to more senior nurses being qualified, competent and willing to perform the required work.

Applicable for non-transferred sites:

When a reduction in the working force becomes necessary, nurses will be laid off in reverse order of seniority within their occupational classification, subject only to more senior nurses being qualified, competent and willing to perform the required work.

2703 Notice of intention of layoff or equivalent pay thereof shall be given to the nurse(s) concerned in writing and a copy of the notice forwarded to the Union. The parties agree that "in writing" includes electronic communications such as email.

Notice shall be as follows:

- Layoffs of six (6) weeks or less - two (2) weeks notice;
- Layoffs of longer than six (6) weeks - four (4) weeks notice.

A nurse who is on layoff shall not be entitled to notice of layoff when the nurse comes back to work on an incidental basis.

2704 No layoff of full-time or part-time nurses shall occur within a site when casual nurses are being employed within that site, unless no full-time or part-time nurse on staff within that site is qualified, competent and willing to fill the position(s) in question.

Notwithstanding Article 3402, additional available shifts shall be offered to a nurse on layoff, before part-time and casual nurses, provided the nurse is qualified, competent and willing to perform the required work. During the first three (3) years of a layoff, the nurse on layoff will receive preferential consideration for the assignment of such shifts at the site of layoff, provided that this will not result in the nurse working in excess of their regular EFT commitment.

If applicable, in addition to the above, during the first three (3) years of layoff, if a laid off nurse indicates their availability for additional available shifts at any of the other sites

comprising the Employer, the nurse will receive preferential consideration over part-time nurses for the assignment of such shifts, provided that this will not result in the nurse working in excess of their regular EFT commitment. During the period between three (3) to five (5) years, a laid off nurse may indicate availability for additional available shifts within any of the sites comprising the Employer but will not receive preferential consideration over part-time nurses.

Notwithstanding Article 1405, during the period between three (3) to five (5) years where a nurse does not work all or part of said additional available shift(s), for any reason, payment shall be made only in respect of hours actually worked; this is not applicable to the base EFT of a term position occupied by a laid off nurse.

In the event the nurse accepts additional available shifts, the provisions of the Collective Agreement shall be applicable except as modified hereinafter:

- (a) vacation pay shall be calculated in accordance with Article 2103 and shall be paid at the prevailing rate for the nurse on each pay cheque, and shall be prorated on the basis of hours paid at regular rate of pay,
- (b) income protection accumulation shall be calculated as follows:

Additional available hours worked by the laid-off nurse		Entitlement of Full-time Nurse
Full-time hours	X	
- (c) in the event the layoff is longer than twenty-six (26) weeks, seniority shall be calculated in accordance with regular hours worked,
- (d) the nurse shall be paid five percent (5.0%) of the basic rate of pay in lieu of time off on Recognized Holidays. Such holiday pay shall be calculated on all paid hours and shall be included in each pay cheque,
- (e) participation in benefit plans is subject to the provisions of each plan.
- (f) increments (calculated from the date of the nurse's last increment, or their starting date as the case may be) shall be provided on the basis of one (1) increment for each 1343 hours worked or one (1) calendar year from the date of their last increment, whichever occurs later. In the case of the increment being given on the basis of 1343 hours worked, it shall be applied to the pay period next following completion of 1343 hours worked.

Any period of time during the layoff when the nurse works additional available shifts or works in a term position shall not extend the five (5) year period referenced in Article 25.

However, a nurse on layoff who agrees to work in a term position shall retain their right to be recalled into a permanent position while working in the term position.

2705 No new nurses will be hired at a site when other nurses are on layoff from that site, except for reasons of a special skill requirement.

2706 All nursing job vacancies, permanent and term, shall be posted in accordance with the terms of this Agreement. Nurses on layoff shall be entitled to apply for these vacancies.

2707 ***Applicable for SH (direct operations):***

Nurses shall be recalled in seniority order to available positions in equal or lower paid occupational classifications at the originating site or at other sites within a fifty (50) kilometre radius of the originating site provided they are qualified to perform the required work. In addition, at the time of layoff, nurses may request recall to sites outside the fifty (50) kilometre radius. Such recall shall be made in writing either by personal service, registered mail, or confirmed electronic mail and shall provide for at least one (1) weeks' notice to report back to work. Confirmation includes indication of receipt of such communication.

The nurses affected will contact the Employer by telephone not later than four (4) days, excluding Saturdays, Sundays and Recognized Holidays following the notice of recall being delivered. Failure to notify as above shall result in the nurse being placed last on the recall list.

A nurse being placed last on the recall list who is subsequently recalled to work and who fails to report for duty as scheduled without valid reason shall have their employment terminated.

Applicable for non-transferred sites:

Nurses shall be recalled in seniority order to available positions in equal or lower paid occupational classifications provided they are qualified to perform the required work. Such recall shall be made in writing in writing either by personal service, registered mail, or confirmed electronic mail and shall provide for at least one (1) weeks' notice to report back to work. Confirmation includes indication of receipt of such communication.

The nurses affected will contact the Employer by telephone not later than four (4) days, excluding Saturdays, Sundays and Recognized Holidays following the notice of recall being delivered. Failure to notify as above shall result in the nurse being placed last on the recall list.

A nurse being placed last on the recall list who is subsequently recalled to work and who fails to report for duty as scheduled without valid reason shall have their employment terminated.

2708 Applicable for SH (direct operations):

In the event of a deletion of an occupied position, as much notice as possible shall be given to the incumbent who will be entitled to exercise their seniority rights, subject to the nurse's ability, performance and qualifications, to displace a nurse in a position of equal or lower classification within the site. Where it is not possible due to seniority level or where there are no positions available of equal occupational classification or within .2 of the EFT of the position occupied by the nurse at the time of the deletion, the nurse shall be entitled to exercise their seniority rights, subject to their ability, performance and qualifications, to displace a nurse in a position of equal or lower classification within any of the other sites comprising the Employer. Any nurse thus displaced shall also be entitled to a like exercise of seniority rights.

Applicable for non-transferred sites:

In the event of a deletion of an occupied position, as much notice as possible shall be given to the incumbent who will be entitled to exercise their seniority rights, subject to the nurse's ability, performance and qualifications, to displace a nurse in a position of equal or lower classification. Any nurse thus displaced shall also be entitled to a like exercise of seniority rights.

2709 Laid off nurses shall be entitled to apply for nursing job vacancies in any of the sites comprising the Employers Organization ,other than those to which they have recall rights. Copies of job postings will be sent to the President of the Worksite during the period when any nurses are on layoff.

2710 Accumulated vacation entitlement shall be paid out at time of layoff except where, prior to the date of layoff, a nurse has been awarded a term or permanent position which commences within four (4) weeks of date of layoff.

2711 Nurses who are absent from work due to a leave of absence for any reason shall be advised of layoff or deletion of their position in accordance with this Agreement and shall be required to comply with all provisions of this Agreement except that they shall not be expected to return to work prior to the expiry of their leave of absence.

ARTICLE 28 -- PROMOTION AND REASSIGNMENT

2801 Upon promotion, a nurse shall receive a salary applicable to their new classification which provides an increase of at least one increment above their former salary. A promotion shall mean an increase in classification from one occupational classification to another.

2802 The nurse's anniversary date of employment prior to promotion shall continue to govern with respect to increments.

2803 The first three (3) calendar months following a nurse's promotion shall be considered to be a trial period, and the Union shall be notified by the Employer. During the first six (6) weeks of this trial period, the nurse may return to their former position at their request or be returned to their former position by the Employer. During the last six (6) weeks of this trial period, the nurse may return to their former classification at their request or be returned to their former classification by the Employer.

Applicable for Health Sciences Centre site only:

All promotions and voluntary transfers are subject to a three (3) month trial period, which may be extended up to an additional three (3) months at the Employer's discretion, and the Union shall be notified by the Employer. During this trial period, the promoted (or transferred) nurse may revert to their former position, or may be returned (or transferred) by the Employer.

2804

Applicable for SH (direct operations) and non-transferred multi-site Employers:

A. Voluntary Reassignments in the Event of Staffing Shortages

1. In the event of a temporary lateral work reassignment being necessitated by a staffing shortage on a nursing unit in any site within the Employer, a nurse may be reassigned to meet patient care needs subject to the following conditions:
 - (a) No nurse shall be compelled to accept reassignment for a staffing shortage except as provided for under Involuntary Reassignment in Article 2805 below.
 - (b) Where the reassigned nurse does not have the specific current competency for that similar patient/resident/client base, they would only be assigned functional tasks or would work directly with a nurse on that unit when providing patient/resident/client care.
 - (c) Before reassigning a nurse for a staffing shortage, the Employer shall take the reasonable steps available to management to fill the vacant shift, based on relevant factors/circumstances including, but not limited to:
 - timing and circumstances of the vacant shift;
 - maintenance of patient care;
 - wellbeing of nursing staff.
 - (d) In the event of a long term or repetitive vacancy which the Employer has not been able to fill in accordance with the Collective Agreement, either party may refer the issue to the NAC and the Patient Care Optimization Committee provided for in Article 11 for consultation.
 - (e) Where the Employer is unable to fill vacant shifts through other means, in accordance with the Collective Agreement, the Employer shall then seek

- volunteers for reassignment, to be applied equitably (on a quarterly basis), with the following compensation: nurses shall be paid the greater of six dollars (\$6.00) per hour or fifteen percent (15%) above their normal rate of pay for all hours worked at the reassigned facility/program/site/unit. (for clarity this premium is over and above overtime rates, where overtime is earned during reassignment).
- (f) Where a nurse is reassigned to a facility/site other than their regular facility/site within the Employer they shall also be compensated as follows:
- i. Provided with a daily “work disruption” allowance, for each day actually worked as follows:
 - Over 1 and up to – 49 km between sending and receiving site - \$40
 - Between 50 – 99 km between sending and receiving site - \$80
 - Between 100 – 149 km between sending and receiving site - \$130
 - 150 or more between sending and receiving site - \$180
- (g) Where a change in work schedule is required by the Employer (receiving unit/facility/program/site) as a result of a reassignment, the nurse(s) shall be compensated with a Shift Disruption Allowance as described below for each shift that has been changed and worked by the nurse. The following rules shall apply:
- i. Compensation of one of the following amounts as applicable per shift, whichever is greatest:
 - \$25 Impact Shift Changes: an adjustment is made to the start and end times of a shift that is greater than 1 hour and up to 4 hours; or
 - \$35 Impact Shift Changes: a change is made to the calendar day that a nurse was scheduled to work (no change to shift length or shift description); or
 - \$50 Impact Shift Changes: an adjustment is made to the start and end times of a shift that is greater than 4 hours; a change is made to the shift length (eg: 8 to 12 hours); a change is made to the shift description (eg: from straight Days to Days/Nights, or from straight Days to Days/Evenings);
 - ii. Shift disruption allowance will not be paid on days during which the nurse does not work or for shifts that have not been changed;
 - iii. Nurses shall not be eligible to receive overtime as a result of changes to their shift length (i.e. changing from 8 to 12 hour shifts), unless they are in an overtime situation as identified in the nurse(s) respective Collective

Agreement and are now required to work additional hours. For clarity, adding hours to shift duration when a nurse has been reassigned during the course of their shift, shall result in daily overtime compensation.

- iv. Changes to shift length must not cause a decrease to the nurses' EFT; and
 - v. Shift disruption allowance will cease to be paid, upon the effective date of the subsequent shift schedule which shall be posted in accordance with the Collective Agreement, and the nurse is scheduled as posted. If this posted schedule is disrupted the nurse shall be paid in accordance with a. above. When the reassigned nurse is returned to their regular assignment, the Shift Disruption Allowance is not applicable.
- B. This lateral work reassignment will be made by the out of scope manager with as much notice as possible, whether within one (1) site, or from one (1) site to another within the Employer. Selection of the nurse to be reassigned shall be based on ability and experience and shared as equally as possible amongst the nurses in each site. It is understood that lateral work reassignments will only occur within a fifty (50) kilometre radius of the originating site, unless a greater distance is mutually agreed between the Employer and the nurse.
- C. Orientation will be provided of sufficient duration to assist the nurse in becoming acquainted with essential information such as policies and procedures, routines, location of supplies and equipment, and fire and disaster plans.
- D. Nurses who are reassigned from one site to another within the Employer shall be eligible for transportation reimbursement in accordance with the prevailing Province of Manitoba mileage rates subject to a minimum guarantee of four dollars (\$4.00) [five dollars (\$5.00) effective May 17, 2024] and in accordance with the following formula:
- Distance (in kms) from the nurse's home to the new worksite minus the distance (in kms) from the nurse's home to the nurse's originating worksite.

It is understood that any adjustments in the mileage rates shall be implemented as quickly as reasonably possible, retroactive to the date the Province of Manitoba mileage rates became effective.

Parking in close proximity to the "receiving facility/site" will be made available. Parking expenses shall be reimbursed to the nurse by the Employer.

 - (b) Where the reassigned nurse does not have the specific current competency for that similar patient/resident/client base, they would only be assigned functional tasks or would work directly with a nurse on that unit when providing patient/resident/client care.
 - (c) Before reassigning a nurse for a staffing shortage, the Employer shall take the reasonable steps available to management to fill the vacant shift, based on relevant factors/circumstances including, but not limited to:
 - timing and circumstances of the vacant shift;

(for clarity this premium is over and above overtime rates, where overtime is earned during reassignment).
 - (f) Where a change in work schedule is required by the Employer (receiving unit/) as a result of a reassignment, the nurse(s) shall be compensated with a Shift Disruption Allowance as described below for each shift that has been changed and worked by the nurse. The following rules shall apply:

 - \$25 Impact Shift Changes: an adjustment is made to the start and end times of a shift that is greater than 1 hour and up to 4 hours; or
 - \$35 Impact Shift Changes: a change is made to the calendar day that a nurse was scheduled to work (no change to shift length or shift description); or

 - iv. Changes to shift length must not cause a decrease to the nurses' EFT; and

If this posted schedule is disrupted the nurse shall be paid in accordance with a. above. When the reassigned nurse is returned to their regular assignment, the Shift Disruption Allowance is not applicable.
- C. This lateral work reassignment will be made by the out of scope manager with as much notice as possible. Selection of the nurse to be reassigned shall be based on ability and experience and shared as equally as possible amongst the nurses in the site.

- D. Orientation will be provided of sufficient duration to assist the nurse in becoming acquainted with essential information such as policies and procedures, routines, location of supplies and equipment, and fire and disaster plans.

2805 Involuntary Reassignments in Event of Staffing Shortages

Where no nurse has accepted the reassignment on a voluntary basis as per 2804 B., in addition to previously indicated conditions/compensation for voluntary reassignment, in 2804 B., C., D., and E. (E. not applicable to single site Employers) the following conditions will also apply:

1. Before compulsory reassignment of nurses, the Employer shall first seek volunteers to work the necessary shift(s) on the basis of voluntary eligible overtime amongst nurses who have documented their availability per the site process to work in the receiving unit for the shift(s).

Where the Employer contemplates compulsory reassignment from a separate sending site, the Employer shall first offer overtime to nurses (of the same qualifications as potentially reassigned nurses) before compelling reassignment from the same sending site. (Not applicable to single site Employers).

No nurse shall be compelled to accept reassignment where nurses volunteer to work those shifts on the basis of overtime compensation.

2. The assignment will enhance the well-being of other nurses working on the unit and will not adversely impact the well-being of the nurse who is reassigned.
3. No nurse will be compelled to accept a reassignment greater than 50 kms from their regular facility/program/site/unit. (Not applicable to single site Employers).
4. Where a nurse is involuntarily reassigned to an alternate facility/program/site/unit, and the nurse's travel time is greater than the distance to their regularly assigned facility/program/site/unit, the additional travel time will be considered time worked and eligible for overtime compensation as per the conditions of the Collective Agreement. (Not applicable to single site Employers).
5. Where a nurse is involuntarily reassigned for more than three (3) shifts or twenty-three point two five (23.25) hours (whichever is less), in a four (4) week period (commencing the date of the first reassignment), all subsequent involuntarily reassigned regular (non-overtime rate) hours shall be paid at double (2x) the reassignment compensation, as provided in paragraph B.1. (e) of Article 2804 (\$6/hour or 15% x 2 = \$12/hour or 30%, whichever is greater).
6. Where involuntary reassignment is necessitated on a constant and recurring basis due to an unfilled vacancy, the Employer and Union shall meet to determine measures to address the vacancy. Such measures may include consideration of

additional incentives to attract applicants to the position. Where the parties are unable to agree on the terms to fill the vacancy the matter may be referred to a Troubleshooter for a final determination on appropriate measures/incentives to fill the vacancy.

7. Involuntary reassignment of nurses, regardless of classification, shall be assigned equitably, on a quarterly basis.

ARTICLE 29 -- DISCIPLINE, DEMOTION AND ACCESS TO PERSONNEL FILE

2901 In all instances where the Employer considers that a nurse warrants disciplinary action, the Employer shall make every effort to take such action at a meeting with the nurse and shall give the nurse advance notice of the nature of the complaint. The nurse may be accompanied at the meeting by a Union representative. The Employer shall inform the nurse of their right to have a Union representative present and advise the Union that this has been done.

2902 If the action referred to in the above clause results in a written warning, suspension, demotion or dismissal of a nurse, the Employer shall notify the nurse in writing of the action taken and the reasons either by personal service, registered mail, or confirmed electronic mail. Confirmation includes indication of receipt of such communication.

2903 A nurse who is demoted due to inadequate performance shall be paid at the step of the lower scale that corresponds to their level of experience.

2904 If a nurse is reclassified to a lower paid position because of changing conditions within the Employer, the nurse will retain their current salary level until the salary scale of the lower position reaches their level of salary.

The application of this provision as it relates to the deletion, layoff/recall procedure shall be limited to a three (3) year period from the date the nurse assumes a position in the lower paid classification or until the salary scale of the lower position reaches their level of salary whichever occurs first.

2905 A nurse shall be given the opportunity to examine any document expressing dissatisfaction with their performance or conduct which is in their file and their reply to any such document shall also be placed in their file. Upon written request, the nurse shall also receive a copy of such a document.

2906 A nurse accompanied by a Union representative if they so elect shall be given every reasonable opportunity to examine any document which is placed in their personnel file including, but not limited to, those documents which may be utilized to substantiate a disciplinary action against them, and their reply to any such document shall also be placed

in their personnel file. Upon written request, the nurse shall also receive an exact copy of such document. The Employer agrees not to introduce as evidence any such derogatory entry at any hearing unless the nurse has been made aware of its contents at the time of filing or a reasonable time thereafter. The Employer agrees to remove and destroy any non-disciplinary and disciplinary documentation, from the personnel file of a nurse, upon written request from the nurse, after five (5) years, providing no similar incidents occur within that period. In the event a nurse is laid off or on a leave of absence of one (1) calendar month or more during the five (5) years immediately following the discipline, the discipline record will extend the five (5) year calendar month period by the length of the actual lay off or leave of absence.

Any nurse who has been terminated may consult their file and upon written request shall receive copies of specified documents so long as the written request is made within sixty (60) days of the nurse's termination.

2907 There shall be one (1) personnel file maintained by the Employer for each nurse.

ARTICLE 30 -- VACANCIES, TERM POSITIONS AND NEW POSITIONS

3001 Subject to Article 3002 herein, the Employer agrees to post notices of vacant, term or new positions covered under this Agreement for at least seven (7) days to enable nurses presently in the employ of the Employer to apply for same. In addition a copy of each posting will be provided to the MNU Worksite President or designate. Such posting shall not preclude the Employer from advertising outside the site premises. All postings shall state minimum qualifications required, the equivalent to full-time (E.F.T.) and date of closing of the competition. Job descriptions shall be available to applicants on request.

When the Employer creates a new position which requires any applicants to be a nurse registered or eligible for registration with a Manitoba nursing college including, but not limited to, classifications in Appendix C of this Collective Agreement, or the Employer intends that the new position will be out of scope, the Employer shall provide the Union with a copy of any posting(s) or the job description(s) for the position(s) in advance of the position(s) being posted. The Union may file a grievance challenging the designation in accordance with the procedure set out in Article 12.

3002 The Employer will be required to post a notice of vacancy for only five (5) days for a vacancy that is created by:

- (a) a nurse terminating employment and not giving the full period of notice as specified in Article 26 herein, or
- (b) a transfer occasioned by posting.
- (c) Where a term position has been created due to a leave of absence where less than four (4) weeks notice has been given.

3003 Provided that equivalent qualifications are met, preference shall be given to nurses presently in the bargaining unit who have submitted a written application for the vacant, term or new positions in the following order:

- (a) applicants from the site where the vacancy occurs;
- (b) applicants from the Employer where the vacancy occurs;
- (c) applicants from other Employers within the Employers Organization;
- (d) applicants from other Employers Organizations.

NOTE: *Refer to Appendix "D" for Site and Employer list.*

Notwithstanding the above, a nurse will have unit or site preference when new positions are posted as a result of an Employment Security Notice.

3004 The name of the successful applicant and the position awarded will be posted on the bulletin board or per electronic format accessible to all nurses for a period of seven (7) calendar days with a copy of this information forwarded to the Worksite President.

Any nurse who was interviewed but was not the successful applicant shall be entitled to consult with the hiring Manager. Such consultation will take place within two (2) weeks of the request. The purpose of the consultation shall be to provide the nurse with constructive feedback regarding their application.

An unsuccessful applicant may inquire of the hiring Manager or the Human Resources Consultant or designate to why they were not selected for an interview.

In the case of a nurse from the bargaining unit being awarded a position within the Employer, the transfer shall be carried out within the time frame of the period of notice of termination for the position from which the nurse is transferring, unless otherwise mutually agreed between the nurse and the Employer.

3005 The applicant selected for any position shall receive, within two (2) weeks of the selection being made, written confirmation of the salary scale, the nurse's placement on such scale, and any special conditions that may be applicable to their appointment.

3006 "Term Position":

A position occupied by a full-time or part-time nurse for a specified period of time, up to a maximum of sixty (60) weeks, or up to a maximum of eighty (80) weeks to replace a nurse(s) who is/are on Parenting Leave or Parental leave, where patient/client/resident census or workload necessitates a temporary increase in staffing, if mutually agreed, to replace a nurse(s) who is/are on vacation or leave of absence, or to carry out a special short term project or where the Employer has provided notice of permanent deletion of

position(s) under Employment Security provisions in Article 27, or as otherwise mutually agreed between the Union and the Employer. If the Employer determines there is a term position to be filled by a nurse, the term position shall be posted in accordance with Article 30. This shall not preclude the Employer from utilizing part-time nurses and/or casual nurses to work available shifts as specified in Articles 34 and 35 when the Employer decides that a term position is not required.

The Employer shall provide written confirmation of the start and expiry dates of the term position prior to the nurse's commencement in the position. This period may be extended if the Employer so requests and the Union agrees.

The maximum duration specified in paragraph 1 above for term positions shall not apply in situations where a nurse is absent indefinitely due to Workers Compensation and/or illness and/or accident or where there is a temporary vacancy due to leave for Public Office. In these cases, the Employer shall state on the job posting that the said term position is an "Indefinite Term" which will expire subject to a minimum of twenty-four (24) hours notice. The "Indefinite Term" will expire upon either the return to work or termination of employment of the nurse on leave. Any term positions directly resulting from the above procedure will be posted in the same manner.

In case a nurse on Maternity or Parental Leave wants to exercise their right to return from such leave earlier than anticipated, having given appropriate notice as per 2408 C.6, the Employer shall state on the job posting that the said term position is a "Maternity or Parental Leave of absence term" which may expire sooner than indicated, subject to minimum notice of two (2) weeks or one pay period, whichever is longer. Any term positions directly resulting from the filling of such a term position will be posted in the same manner.

The terms of this Collective Agreement shall be applicable to the nurse in the term position, except that a nurse occupying a term position may be required to complete the term before being considered for other term positions within the bargaining unit.

On expiry of the term position the nurse:

(a) newly hired from outside the Employer, or a casual nurse from within the Employer, shall be entitled to exercise their seniority rights to obtain any vacant position within the site(s) comprising the Employer for which the nurse is qualified, without interruption of seniority or benefits if the position commences within six (6) weeks of the expiry of the term position. During this six (6) week period if a nurse secures casual employment, they may work available casual shifts.

(b) who was employed by the Employer immediately prior to accepting the term position shall return to their former position if reasonably possible. A nurse not returned to their former position shall be returned to their former occupational classification and employment status within the site.

(c) In accordance with the provisions of Article 21, if a nurse's term position ends prior to the start of the vacation year, the nurse shall schedule the next year's vacation on the unit they are returning/going to.

3007 Notwithstanding the provisions of Articles 3001 through 3005 above the parties agree that it may be of mutual benefit to the nurses and the Employer to allow part-time nurses, who request to do so, to increase their EFT and/or allow casual nurses to obtain a part-time or full-time position.

- (a) Where the Employer has demonstrated significant reliance upon casual nurses and/or agency nurses to maintain adequate staffing/patient/resident care in a particular site/program/unit, and where part-time nurses at the same site/program/unit have expressed a desire to increase their EFT the Employer shall take all reasonable measures to accommodate such requests. The EFT of a part-time nurse may be increased in accordance with the following process:
- (i) The process will commence at a date determined by the parties at the Site Nursing Advisory Committee. The Employer shall inform the Site Nursing Advisory Committee of the total EFT and shift patterns available per nursing unit.
 - (ii) The Employer shall communicate to all part time nurses on a nursing unit the pre-determined EFT and shift pattern(s) available for the increase of EFT process. Requests to permanently increase EFTs shall be made in writing by part-time nurses. The nurses shall indicate the maximum EFT to which they wish to increase. A nurse may increase their EFT up to a 1.0 EFT.
 - (iii) In considering requests, the Employer shall consider such factors as current EFTs, shift assignments, shift schedules, the unit(s) needs and the requirements of Article 15. If the request by nurses within a unit exceed the availability within that unit as determined by the Employer, the Employer shall offer in order of seniority.
 - (iv) A part-time nurse shall not be permitted to increase their EFT while other nurses are on layoff from that unit unless such laid off nurses have been recalled or have declined recall.
 - (v) Where any request to change EFT has been approved, the Employer shall issue a letter to the nurse confirming the nurse's new EFT in accordance with this Collective Agreement along with an effective date.
 - (vi) Copies of all requests and responses to requests to adjust EFT shall be provided to the Union.

- (vii) Any changes to a master rotation as a result of changing EFTs shall be done in accordance with the provisions of Article 1504.
 - (viii) The Employer is not prevented from exercising any of its normal management rights as a result of this Article including, without limitation, the right to post vacant positions.
 - (ix) The Site Nursing Advisory Committee shall be advised of the outcome in the Increase of EFT Process of each nursing unit.
- (b) Where all EFT increase requests have been considered and implemented and/or the Employer has offered EFT increases for part-time nurses, and where casual nurses at the same site/program/unit have expressed a desire to obtain a full or part time position, the Employer shall take all reasonable measures to transition those casual nurses to a part-time or full-time position in accordance with the following process:
- (i) The process will commence at a date determined by the parties at the Site Nursing Advisory Committee. The Employer shall inform the Site Nursing Advisory Committee of the total EFT and shift patterns available per nursing unit.
 - (ii) The Employer shall communicate to all casual nurses at the site/facility/program the pre-determined EFT and shift pattern(s) available for the increase of EFT process. Requests to obtain an EFT shall be made in writing by casual nurses. The nurses shall indicate the maximum EFT to which they wish to increase. A nurse may increase their EFT up to a 1.0 EFT.
 - (iii) In considering requests, the Employer shall consider such factors as current EFTs, shift assignments, shift schedules, the unit(s) needs and the requirements of Article 15. If the request by nurses within a unit exceed the availability within that unit as determined by the Employer, the Employer shall offer in order of casual seniority.
 - (iv) A casual nurse shall not be awarded an EFT while other nurses are on layoff from that unit unless such laid off nurses have been recalled or have declined recall.
 - (v) Where any request to obtain an EFT has been approved, the Employer shall issue a letter to the nurse confirming the nurse's EFT in accordance with this Collective Agreement along with an effective date.
 - (vi) Copies of all requests and responses to requests to obtain an EFT shall be provided to the Union.

- (vii) Any changes to a master rotation as a result of changing EFTs shall be done in accordance with the provisions of Article 1504.
- (viii) The Employer is not prevented from exercising any of its normal management rights as a result of this Article including, without limitation, the right to post vacant positions.
- (ix) The Site Nursing Advisory Committee shall be advised of the outcome in the Increase of EFT Process of each nursing unit.

ARTICLE 30A – NURSE-INITIATED MOBILITY

30A01 As vacancies arise that any of the Sites/Employers intend to fill, the following procedures will apply:

- (a) Vacancies will be filled in accordance with the provisions of the Collective Agreement.
- (b) An internal and external posting may occur simultaneously. Nurses from other Sites/Employers will have the right to apply for said vacancy.

If the selected nurse is a current employee of one of the sites/Employers of an Employers Organization, that nurse will be entitled to transfer all seniority, service and other benefits herein and will be treated in all respects as if they had always been a nurse of the receiving Employer. In addition, hours worked since the last increment shall be credited towards the next increment level.

- (c) Where there are no qualified applicants, as per the order established in Article 3003, positions will be awarded to qualified nurses in the following order:
 - Recall of laid off workers from the site/Employer posting the vacancy (unless otherwise stipulated in the applicable collective agreement);
 - Applicants from the Redeployment List;
 - Applicants external to (a) above.

30A02 A nurse who is employed by an Employer in an Employers Organization, who is awarded a position with another Employer with the same or in another Employers Organization, and who commences employment with this Employer within six (6) weeks of termination of employment from their former Employer, will be entitled to mobility of benefits as specified hereinafter:

- (a) continuous service date
- (b) accumulated income protection benefits;
- (c) length of employment applicable to rate at which vacation is earned;
- (d) length of employment applicable to pre-retirement leave;
- (e) length of employment applicable for qualification for the Rule of 80 (as per the terms and conditions of the applicable pension plan) pension provisions;
- (f) length of employment applicable to next increment date;
- (g) the terms and conditions of the benefit plan(s) for the new Employer apply; however, normal waiting periods would be waived, subject to the applicable benefit plans' terms and conditions;
- (h) seniority credits (in accordance with receiving Collective Agreement).
- (i) transfer of current vacation hours unless the nurse elects to have their current vacation hours paid out by the previous Employer at the time of the transfer;
- (j) placement at the greater of the nurse's salary level at the sending facility/program/site, or in accordance with the recognition of previous experience clause(s) in Article 38, including placement at the fifteen (15), twenty (20) and twenty-five (25) year rate;
- (k) Academic Allowance;
- (k) where a nurse transfers prior to the completion of maternity leave return of service requirements, the nurse shall be allowed to complete the return of service requirements at the receiving site/Employer.

30A03 For clarity the following guidelines shall govern with respect to the application of this Article:

- (a) The provisions of this Article shall be effective [retroactive to] October 14, 2021.
- (b) Where nurse-initiated mobility is implemented retroactively, the items transferred shall be on a "go forward" basis from October 14, 2021. No processes [e.g. vacation selection, vacancy selection] or access to benefits [e.g. income protection] shall be adjusted retroactively.
- (c) The onus is on the nurse to advise their new Employer that there are benefits/seniority to transfer.
- (d) The provisions of this Article only apply where a nurse terminates from one Employer and commences employment with another Employer. It does not apply to "merge" employment/benefits etc. from two or more Employers to one of those Employers.
- (e) Once notified of nurse-initiated mobility of benefits/seniority, the receiving Employer shall notify the sending Employer by forwarding a "Mobility Form" to the sending site/Employer. That site/Employer will complete the form as soon as possible and forward to the receiving site/Employer. The Mobility Benefits Transfer Form shall be provided in its entirety to the receiving MNU ~~Local~~ Worksite.
- (f) Nurse-initiated mobility applies for employment into either a permanent or term position. In the case of a term position, all benefits/seniority, etc. are transferred at the time of employment. Should the nurse not obtain a permanent position in accordance with the new Employer's collective agreement, all seniority and benefits shall terminate, unless the nurse obtains employment with another MNU Employer where nurse-initiated mobility applies, and within the timelines specified.

- (g) Employment terminates with the sending Employer and commences with the receiving Employer, in order for nurse-initiated mobility to apply. However, a nurse may accept a casual position with the sending Employer. Such shall not affect the nurse's ability to mobilize seniority, service and benefits accrued while employed in a permanent or term position at the sending Employer to the receiving Employer as long as the nurse secures a permanent or term position within six (6) weeks of terminating regular (non-casual) employment.
- (h) Any banked Recognized Holidays and/or overtime will be paid out by the sending Employer at the time of transfer.
- (i) A nurse who occupies a casual position at a receiving Employer AND a permanent or term position at a sending Employer, AND who subsequently obtains a permanent or term position at a receiving Employer, will be allowed to transfer seniority and benefits accrued in the permanent or term position at the sending Employer, to the newly acquired permanent or term position in the receiving Employer. The seniority accrued as a casual at a receiving Employer cannot be added to the seniority being transferred with the permanent/term position.

30A04

- (a) Increments: Nurses having a permanent or term position in a sending Employer, will be allowed to transfer their "hours worked" for purposes of determining when they are entitled to their next increment, when they secure a permanent or term position at a receiving Employer. Casual nurses are NOT allowed to transfer such hours.
- (b) Vacation: Vacation earned at the sending Employer shall not be paid out upon transfer unless the nurse requests. In the event a nurse elects to have their vacation transferred, it does not mean that the previously approved vacation dates will be honored at the receiving site. The receiving Employer will schedule the remaining vacation in consultation with the nurse, based on operational requirements and in accordance with Article 21.
- (c) Probationary Period: As with any other voluntary transfer to a permanent position in an Employer other than one in which a nurse is currently working, the nurse is subject to a probationary period.
- (d) Pre-Retirement Credits: To be calculated in days at the sending Employer.
- (e) Term Positions: Nurse-initiated mobility applies for voluntary transfers into either a permanent or term position. In the case of a term position, all benefits/seniority, etc. are transferred at the time of employment. Should the nurse not obtain a permanent position in accordance with the new Employer's collective agreement, all seniority and benefits shall terminate, unless the nurse in turn obtains employment with another MNU Employer in the same or in another Employers Organization where nurse-initiated mobility applies, and within six (6) weeks.

- (f) More Than One Position at Same Employer:
There can only be one sending and one receiving Employer. If a nurse has two (2) or more permanent positions with the same Employer, the nurse must resign from both positions with the sending Employer in order to transfer the seniority and benefits from the sending Employer to a receiving Employer.
- (g) Positions at More Than One Employer:
There can only be one sending and one receiving Employer. Even if a nurse has two (2) or more permanent positions, (at more than one Employer) the nurse will only be able to transfer the seniority and benefits from one of the Employers when they voluntarily transfer to a receiving Employer.
- Transfer of seniority and benefits shall be applicable to all nurses, including those who are on lay off, currently employed in a permanent or term position who secure a permanent or term position in a receiving Employer in which they don't currently hold a permanent position.
- (h) The Worksite President at a receiving site/Employer will be provided with written notification regarding each nurse's mobility seniority at the time of their transfer. The Mobility Benefits Transfer Form shall be provided to the receiving Worksite in its entirety. At minimum, the following specific data shall be provided:
- Start date at sending Employer
 - Seniority (hours)
 - Seniority date at sending Employer
 - Termination date at sending Employer
 - Start date at receiving Employer.
- (i) Bridging Time for the Purposes of Mobility: A nurse who commences employment with the receiving Employer within six (6) weeks-of termination of employment with the sending Employer will be entitled to mobility of seniority, service and benefits as above.
- (j) The parties agree that seniority shall not transfer across sectors.

ARTICLE 31 -- PROBATIONARY PERIOD

3101 The period from the date of last employment with the Employer to the completion of six (6) calendar months will be recognized as a probationary period. During such period the nurse shall not have recourse to the grievance procedure for reasons of termination of employment for unsuitability or unsatisfactory performance. This clause shall not preclude the Employer from extending the probationary period of a full-time or part-time nurse up to an additional three (3) calendar months providing that the Employer gives written notification to the Union specifying the reason(s) for the extension.

ARTICLE 32 -- PERFORMANCE APPRAISALS

3201 The Employer shall complete a written appraisal of a nurse's performance at least once every two (2) years. Upon request, the nurse shall be given an exact copy of the appraisal.

3202 The nurse shall have an opportunity to read such document.

3203 The nurse's signature on such document merely signifies that the contents of the document have been read.

3204 If the nurse disputes the appraisal, the nurse may file a reply to the document in accordance with Article 29, and/or the nurse may file a grievance under Article 12 of this Agreement.

ARTICLE 33 -- DAMAGE TO PERSONAL PROPERTY

3301 Nurses are responsible for any personal effects that are brought to their place of work and are not required in the course of their employment and no claim for compensation will be considered for loss or theft of or damage to such personal effects.

In recognition of the fact that as a direct result of performing their duties nurses may have their clothing or other personal property damaged, or stolen, the Employer agrees to make reasonable compensation following receipt of the nurse's documentation of the incident. Such claim shall not unreasonably be denied.

ARTICLE 34 -- SPECIAL UNDERSTANDINGS RE PART-TIME NURSES

3401 A part-time nurse shall be assigned and committed to work their EFT as agreed to in writing at the time of commencing employment. This written agreement shall only be revised when the nurse secures an alternate position in accordance with the provisions of the Collective Agreement.

3402 Part-time nurses who make known to the Employer that they wish to work occasional additional available shifts shall be given preference for such shifts unless the part-time nurse has already worked in that day with such preference being given on the following basis within the sites comprising of the Employer.

- (i) First, among nurses on each unit/ward where the shift is available who meet the provisions above, and who have requested additional shifts, if mutually agreed between the Employer and the Union;

- (ii) Second, among those nurses within that site, who meet the provisions above, and who have requested additional shifts;
- (iii) Third, among those nurses from other sites comprising the Employer who meet the provisions above and who have requested additional shifts.

3403 A part-time nurse called back to work hours in excess of an assigned shift in any one day shall be paid at overtime rates of pay with a guaranteed minimum of three (3) hours at overtime rates. If the extra time worked under this subsection commences within less than three (3) hours before the start of a shift, the guaranteed minimum in overtime pay will not apply. In such cases, the nurse will be paid at overtime rates from the time the nurse starts to work to the beginning of their shift.

3404 Except for part-time nurses who agree to work on a greater number of weekends, it is understood that a part-time nurse may be required to work on alternate weekends.

3405

(a) Vacation pay shall be calculated as follows:

Hours Paid at Regular Rate of Pay (during vacation year) Full-time Hours	X	Entitlement of a Full-time Nurse
---	---	-------------------------------------

(b) Part-time nurses shall receive their entitled vacation over a period of time equivalent to the vacation period of a full-time nurse and shall be paid their earned vacation pay proportionately during each week of scheduled vacation.

3406 Income protection accumulation for part-time nurses shall be calculated as follows:

$\frac{\text{Hours Paid at Regular Rate of Pay}}{\text{Full-time Hours}}$	X	Entitlement of Full-time Nurses
---	---	------------------------------------

3407 Part-time nurses will be paid five percent (5%) of their basic pay in lieu of time off on Recognized Holidays. Such holiday pay shall be calculated on all paid hours (excluding overtime hours as defined in Article 16) and shall be included in each regular pay cheque.

3408 A part-time nurse shall receive increments (calculated from the date of their last increment, or their starting date as the case may be) on the basis of one (1) increment for each 1343 hours worked or one (1) years' service, whichever occurs later. In the case of the increment being given on the basis of 1343 hours worked, it shall be applied to the pay period next following completion of 1343 hours worked.

Increments will not be delayed due to an unpaid leave of absence of four (4) weeks or less or a paid leave of absence, or an educational leave of absence of up to two (2) years.

A nurse's anniversary date for incremental purposes shall be delayed by one (1) day for each day of unpaid leave of absence in excess of four (4) weeks.

3409 Seniority accumulated by a part-time nurse up to July 8, 2024 shall be retained. Seniority hours calculated after July 8, 2024 shall be in accordance with hours paid at the regular rate of pay.

3410 Subject to Article 3805, a nurse whose employment status changes from part-time to full-time shall be entitled to receive an increment on the later of:

(a) one (1) calendar year from the date of their last increment, or date of employment as the case may be;

(b) on completion of 2015 hours calculated under the formula:

$$B = 2015 - (A \times 3/2)$$

A = number of hours during which seniority was accrued under part-time status since the date of their last increment, or starting date as the case may be.

B = number of hours remaining to be worked as full-time to earn an increment.

3411 Subject to Article 3805, a nurse whose employment status changes from full-time to part-time shall be entitled to receive an increment on the later of:

(a) one (1) calendar year from the date of their last increment, or date of employment as the case may be;

- A = number of hours during which seniority was accrued under full-time status since the date of their last increment, or starting date as the case may be.
- B = number of hours remaining to be worked as part-time to earn an increment.

3412 Where a Recognized Holiday (or the Employer's designated lieu day) falls on a part-time nurse's normally scheduled day of work but the nurse's department/unit/program is closed, it is recognized that the nurse shall receive an unpaid leave of absence unless the nurse requests one of the following options:

- The nurse(s) may request to use one (1) of their retained vacation days or banked overtime in accordance with Article 1501; or
- Notwithstanding Article 3402 the nurse may request to be scheduled for an alternate shift, subject to the availability of work and provided the nurse is qualified to perform the required work. This alternate shift must be requested a minimum of two (2) weeks in advance of, and scheduled within, the posted shift schedule in which the Recognized Holiday falls. It is understood that this rescheduled shift will be payable at the nurse's basic rate of pay.

3413 All part-time nurses shall receive the wage rates and applicable benefits on a pro rata basis according to their paid hours of work, except as otherwise specified herein.

Applicable for Health Sciences Centre site only:

3414 No part-time nurses presently in the employ of the Employer may be laid off or discharged to allow for hiring of full-time staff.

ARTICLE 35 -- SPECIAL UNDERSTANDINGS RE CASUAL NURSES

3501 Casual nurses will receive vacation pay at the rate of six percent (6%) of all hours paid at basic salary including hours worked on Recognized Holidays in a bi-weekly pay period.

3502 Casual nurses are paid in accordance with the salaries specified in Appendices "A" and "B" and receive a starting salary as described in Article 38.

A casual nurse shall receive increments on the basis of one (1) increment for each 2015 regular hours worked. Such increment shall be applied on the first day of the first pay period following completion of 2015 hours.

When a nurse elects to terminate their full-time or part-time position and makes application to be hired as a casual nurse, the following conditions will apply:

- (a) Such casual nurse will be paid in accordance with the salary specified in Appendices "A" and "B";
- (b) The nurse will receive the salary of the occupational classification into which they are assigned and at the same increment level that had been attained while working as a full-time or part-time nurse.

3503 Should the Employer make an error in a nurse's pay which results in a loss of seven and three-quarter (7.75) hours or more of regular pay, the Employer agrees to issue a manual cheque or direct deposit as soon as possible after becoming aware of the error. If the error results in a loss of less than seven and three-quarter (7.75) hours of regular pay, the correction will be made on the next scheduled pay day.

Casual nurses will be entitled to:

- continuation of placement at the fifteen (15), twenty (20) and twenty-five (25) year rate if rehired after a period of no longer than six (6) months. For clarity a period of pre-retirement leave does not count towards the six (6) month qualification time limit;
- continuation in HEPP pension plan as per plan text.

3504 Casual nurses required to work on a Recognized Holiday, excluding Remembrance Day, shall be paid at the rate of time and one-half (1.50) their basic rate of pay. Casual nurses required to work on Remembrance Day shall be paid at the rate of double their basic rate of pay.

If there is a change in Manitoba legislation that extends Recognized Holidays to all employees, the parties agree that casual nurses as defined in Article 35 shall receive this benefit.

3505 The Employer agrees to deduct union dues in an amount specified by the Union in any pay period for which the casual nurse receives any payment, and such dues shall be forwarded to the Manitoba Nurses' Union monthly in accordance with Article 501.

In the event that no payment is made during the pay period, the Employer shall have no responsibility to deduct and submit dues for that period.

3506 A casual nurse reporting for work and finding no work available will be guaranteed three (3) hours pay at their basic rate of pay.

Where the Employer has failed to remit as required and as a result of that failure the nurse has been denied access to a benefit which they would otherwise have received but for the failure to remit, the Union on behalf of the nurse is able to seek, through the grievance process, appropriate redress for any and all incurred losses. All

appeal processes under the applicable plan must be exhausted prior to any grievance being initiated through the grievance process. The jurisdiction of an arbitrator appointed pursuant to the grievance process to interpret and apply any applicable benefit plan shall be limited to the application of this provision.

The parties agree to work towards a systemic labour adjustment plan utilizing a provincial attrition model where reasonable, and utilizing any other programs as agreed to by the parties.

A. Transfers with Programs

1. When programs are transferred, consolidated, or merged from one or more facilities/programs/sites to another, the Employer(s) will determine the number of nurses required by classification.

Where, in the event of a transfer/closure/consolidation/merger of one or more of the programs and/or facilities and/or sites, an affected nurse's worksite/originating site is moved from one (1) city or town to another city or town potentially requiring a change of residence by the nurse, the Union and the nurse shall be given notice of the move three (3) months in advance of the date upon which the move of the nurse is to be effected. Such notice shall be provided in writing to the Union and the affected nurse by the Employer.

Should the nurse accept the position requiring relocation they may request that the effective date of the relocation be deferred by up to one (1) month for personal reasons such as the impact on school-age children.

Where a nurse has accepted relocation involving a change in residence, they shall be reimbursed as per the MOU #21 re: Relocation Assistance for Program Transfers.

Qualified nurses affected will first be given the opportunity to move with the facility(ies)/program(s)/site(s), before other nurses. Where excess numbers of nurses wish to move, nurses will be selected in descending order of seniority. Where an insufficient number of nurses by classification volunteer to move, the remaining vacancies shall be filled by utilizing the job posting/recall procedures in the applicable Collective Agreement. Where a nurse is not able or elects not to move, the provisions of Article 27 will apply.

2. If vacancies continue to exist after the job competition, the Employer(s) reserves the right to transfer affected nurses from the sending facility(ies)/program(s)/site(s) to fill the vacancies commencing with the most junior qualified nurse. A nurse shall not be compelled to accept a transfer where the receiving facility/program/site is greater than fifty (50) kilometres from the sending facility/program/site. In such case, where a nurse declines to accept a position at the receiving facility(ies)/program(s)/site(s), and no similar position is available at the sending facility(ies)/program(s)/site(s) for which the nurse is qualified, the nurse may exercise their seniority rights (deletion/bumping) or be placed on layoff in accordance with Article 27. Where it is not possible due to seniority level or where there are no positions available within .2 of the EFT of the position occupied by the nurse at the time of the deletion, the nurse shall be entitled to exercise their seniority rights, subject to their ability, performance and qualifications, to displace a nurse in a position of equal or lower classification within any of the other sites comprising the Employer. Any nurse thus displaced shall also be entitled to a like exercise of seniority rights.
3. Nurses who are transferred in accordance with this Article shall retain seniority, service, and all other benefits as specified hereinafter:
 - (a) continuous service date
 - (b) accumulated income protection benefits;
 - (c) length of employment applicable to rate at which vacation is earned;
 - (d) length of employment applicable to pre-retirement leave;
 - (e) length of employment applicable for qualification for the Magic 80 (as per the terms and conditions of the applicable pension plan) pension provisions;
 - (f) length of employment applicable to next increment date;
 - (g) the terms and conditions of the benefit plan(s) for the new Employer apply; however, normal waiting periods would be waived, subject to the applicable benefit plans' terms and condition;

- (h) seniority credits (in accordance with receiving Collective Agreement).
 - (i) transfer of current vacation hours unless the nurse elects to have their current vacation hours paid out by the previous Employer at the time of the transfer;
 - (j) placement at the greater of the nurse's salary level at the sending facility/program/site, or in accordance with the recognition of previous experience clause(s) in Article 38, including placement at the fifteen (15), twenty (20) and twenty-five (25) year rate
 - (k) Academic Allowance.
 - (l) where a nurse transfers prior to the completion of maternity leave return of service requirements, the nurse shall be allowed to complete the return of service requirements at the receiving facility(ies)/programs(s)/site(s).
4. Nurses who are transferred in accordance with this Article will be treated in all respects as if they had always been nurses of the receiving facility(ies)/programs(s)/site(s).

To ensure the accuracy of the calculation of seniority and service of transferred nurses, the Employer(s) will provide sufficient information to verify an accurate calculation has been made.

5. The receiving facility(ies)/program(s)/site(s) will provide an orientation period to nurses transferring to new facility(ies)/program(s)/site(s) and shall take into consideration the individual needs of the transferring nurse(s). The orientation period shall be of sufficient duration to assist the nurse in becoming familiarized with essential information such as policies and procedures, routines, location of supplies and equipment, and fire and disaster plans.

It is further agreed that periods of orientation shall be considered time worked.

Issues related to orientation will be referred immediately to the Employers Organization Nursing Advisory Committee, in order to ensure a standardized, effective orientation structure, duration and content across the Employers Organizations.

6. No new probationary/trial period will be served by transferring nurses. Any transferring nurse who had not yet completed their probationary/trial period at the sending facility/program/site will complete the balance of the period required at the receiving facility/program/site.
7. Should the transferred nurse decide not to remain at the receiving facility/program/site, such nurse shall provide written notice to the receiving facility/program/site no later than sixty (60) days following the date of transfer. The nurse shall be entitled to be placed on the Central Redeployment list and the recall list of the sending facility(ies)/program(s)/site(s).

8. It is agreed that vacation earned at the sending facility/program/site shall not be paid out upon transfer unless the nurse requests.

In the event a nurse elects to have their accrued vacation transferred, it does not mean that the previously approved vacation dates will be honored at the receiving facility/program/site. The receiving Employer will schedule the remaining vacation in consultation with the nurse, based on operational requirements and in accordance with Article 21.

In the event a Transfer of Program as per Article 4204 (A), the parties agree that where affected nurses hold accrued seniority and service at multiple Employers/facilities/programs/sites, the parties will review the effect of the restructuring on such nurses to ensure fairness and equity in the recognition of seniority and service.

B. Temporary Transfer of Nurses

1. To facilitate temporary transfers within and between Employers Organizations to facilities/programs/sites experiencing a need for additional nurses on a sporadic or episodic basis, nurses qualified to perform the work from other facilities/programs/sites, as determined by the Employer(s), shall be offered the opportunity to work in the facility(ies)/program(s)/site(s) experiencing the need for additional nurses.

Temporarily transferred nurses shall be paid the greater of six dollars (\$6.00) per hour or fifteen percent (15%) above their normal rate of pay for all hours worked at the receiving facility/program/site.

2. Temporary transfers shall not be implemented until the applicable provisions of the Collective Agreement of the receiving facility/program/site relating to the assigning of occasional additional shifts are fulfilled. Before transferring nurses, the Employer shall first seek to prebook remaining available shifts on the basis of voluntary eligible overtime.
3. The temporarily transferred nurses will continue to be covered by the terms of the sending facility's/program's/site's Collective Agreement.
4. Where an insufficient number of qualified nurses volunteer to be temporarily transferred, the Employer reserves the right to transfer nurses (based on operational requirements at affected facilities/programs/sites) from such facility(ies)/program(s)/site(s) as determined by the Employer, commencing with the most junior qualified nurse (regardless of classification) at the sending facility(ies)/program(s)/site(s) for a maximum of six (6) weeks duration, unless otherwise mutually agreed between the nurse and the Employer.

A nurse shall not be compelled to transfer to a facility/program/site greater than fifty (50) kilometres from their home facility/program/site.

The Employer agrees that this provision (#4) shall be utilized only under extenuating and emergency circumstances, and further, shall be implemented only in accordance with the provisions of Article 1001 of the Collective Agreement.

5. Temporarily transferred nurses will be provided with a daily “work disruption” allowance, for each day actually worked as follows:

	Between 50 – 99 km between sending and receiving site	- \$80
	Between 100 – 149 km between sending and receiving site	- \$130
	150 km or more between sending and receiving site	- \$180

and

- (b) Where a nurse is temporarily transferred and due to the distance involved requires accommodations, the Employer shall pay actual travel time at the nurse’s regular rate of pay for one-time return travel between the sending and receiving locations. All travel expenses, accommodations, as well as a daily per diem of sixty dollars (\$60.00) will be paid for the duration of the transfer, including days in which the nurse has not worked.
6. The receiving facility/program/site will provide an orientation period to the temporarily transferred nurse. The orientation shall be of sufficient duration to assist the nurse in becoming familiarized with essential information such as policies, procedures, routines, location of supplies and equipment, and fire and disaster plans. The orientation shall take into consideration the individual needs of the transferring nurse(s).

It is further agreed that periods of orientation shall be considered time worked.

Issues related to orientation will be referred immediately to the Employers Organization Nursing Advisory Committee, in order to ensure a standardized, effective orientation structure, duration and content across the Employers Organizations.

7. It is further agreed that should it be necessary to temporarily transfer nurses from one facility/program/site to another, in accordance with this Article as much notice as possible shall be provided to such nurse. Should the temporary transfer be required during the course of a scheduled shift, travel time from the sending to the receiving facility/program/site shall be considered time worked. If personal transportation is not available, transportation will be provided. Where a change in work schedule is required by the Employer (receiving facility/program/site) as a result of a transfer, the nurse(s) shall be compensated as per #10 below.

8. "Personal transportation" will be expanded to include the following:

Return transportation will be provided by the Employer, if the nurse requests transportation or if personal transportation is not available. If personal transportation is utilized, the following shall apply:

- (a) Parking in close proximity to the "receiving facility/site" will be made available.
- (b) Parking expenses shall be reimbursed to the nurse by the Employer.
- (c) The nurse shall be eligible for transportation reimbursement in accordance with the prevailing Province of Manitoba mileage rates in accordance with the following formula, subject to a minimum guarantee of four dollars (\$4.00):

Distance (in kms) from the nurse's home to the "receiving facility/site" minus the distance (in kms) from the nurse's home to the "sending facility/site".

It is understood that any adjustments in the mileage rates shall be implemented as quickly as reasonably possible, retroactive to the date the Province of Manitoba mileage rates became effective.

9. In the event of a temporary transfer which exceeds six (6) weeks in duration, and where a nurse has requested to discontinue their transfer and return to the sending facility/program/site, the Employer shall conduct a recanvass for volunteers amongst qualified nurses. Where there are insufficient volunteers to replace the temporarily transferred nurse, as per #4 above, the sending facility shall send the next most qualified junior nurse in order of ascending seniority to replace the temporarily transferred nurse requesting return.

10. Where a change in work schedule is required by the Employer (receiving facility/program/site) as a result of a temporary transfer, the nurse(s) shall be compensated with a Shift Disruption Allowance as described below for each shift that has been changed and worked by the nurse. The following rules shall apply:

- (a) Compensation of one of the following amounts as applicable per shift, whichever is greatest:
 - i. \$25 Impact Shift Changes: an adjustment is made to the start and end times of a shift that is greater than 1 hour and up to 4 hours; or

- (b) Shift disruption allowance will not be paid on days during which the nurse does not work or for shifts that have not been changed;

 - (d) Changes to shift length must not cause a decrease to the nurses' EFT; and

APPENDIX "E" -- MEALS AND MISCELLANEOUS EXPENSES

Where a greater provision as contained in this Appendix below is obtained by another bargaining unit in the healthcare sector for any of the direct operations sites within any of the EO's in this Agreement, upon implementation nurses will simultaneously receive the same increase.

MEALS – ELIGIBILITY FOR CLAIMS

101 Breakfast – A nurse is expected to have had breakfast before the start of the day's work, even though some travel may be necessary before the recognized starting time. Exceptions occur to this pattern and cost of breakfast may be claimed when:

- (a) the nurse is in travel status; or
- (b) the nurse has been travelling for more than one (1) hour on Employer business before the recognized time for the start of the nurse's day's work.

102 Luncheon – A nurse is expected to make arrangements to provide or purchase luncheon, or the mid-day or mid-shift meal. For many nurses, either because of lack of facilities in the area of work or for general convenience or economy, luncheon is carried to work rather than purchased. Exceptions to this pattern, when cost of luncheon may be claimed, occur when:

- (a) the nurse is in travel status; or
- (b) the nurse is away from the nurse's normal place of work and outside the site/worksite area which would cause the nurse to disrupt the nurse's normal mid-day or mid-shift meal arrangements.

The inability of the nurse to return to the nurse's home or residence does not constitute grounds for claim for the cost of a purchased meal.

103 Dinner – A nurse may only claim for the cost of a dinner meal when:

- (a) the nurse is in travel status; or
- (b) the nurse has been travelling on Employer business and not expected to arrive back to the nurse's residence before 7:30 p.m. when a meal break not taken.

Any extension of working hours at the normal place of work is covered under Article 3 – Meal Allowances During Overtime Work. No other meal claims except as provided in this Article shall be paid.

MEAL EXPENSES – TRAVEL WITHIN THE PROVINCE

201 A nurse who is eligible may claim the actual cost of purchased meals up to the following maximum amounts:

Individual Meals

	<u>Breakfast</u>	<u>Lunch</u>	<u>Dinner</u>
(a) In areas covered by Remoteness Allowance Effective April 1, 2024	\$9.19	\$11.35	\$19.69
(b) In all other areas Effective April 1, 2024	\$8.64	\$10.84	\$18.37

When the “Province of Manitoba Meals & Miscellaneous Expenses” rates are adjusted and exceed the above rates, the Employer will adjust the rates retroactive to the date the Provincial rates take effect. All future rate adjustments will parallel the Provincial adjustments.

- 202** For each full day in travel status an eligible nurse may claim a Per Diem Allowance in lieu of individual meal claims to cover the cost of purchased meals as follows:

Per Diem Allowance

(a) In areas covered by Remoteness Allowance Effective April 1, 2024	\$42.67
(b) In all other areas Effective April 1, 2024	\$37.85

When the “Province of Manitoba Meals & Miscellaneous Expenses” rates are adjusted and exceed the above rates, the Employer will adjust the rates retroactive to the date the Provincial rates take effect. All future rate adjustments will parallel the Provincial adjustments.

- 203** Where no overnight accommodation is involved only the appropriate individual expenses under Section 01 may be claimed.

- 204** Where a single price or flat rate is charged for meals by the supplier and no other reasonable alternative in the location is available (which may occur in some remote or isolated communities), actual meal expenses exceeding the above maximum may be claimed if supported by a receipt.

MEAL ALLOWANCES DURING OVERTIME WORK

301 Extension of working day where a nurse's working day has been extended beyond the standard working day or shift at the normal place of work by EITHER:

(a) at least two (2) hours, exclusive of a dinner or supper break, a meal allowance shall be paid at the following rate:

Effective April 1, 2024 - \$6.38 per day

(b) at least three and one-half (3½) hours, exclusive of a dinner or supper break, an allowance equivalent to that payable for "luncheon" in the appropriate area as shown in Article 2 – Meal Expenses – Travel Within the Province, shall be paid.

When the "Province of Manitoba Meals & Miscellaneous Expenses" rates are adjusted and exceed the above rates, the Employer will adjust the rates retroactive to the date the Provincial rates take effect. All future rate adjustments will parallel the Provincial adjustments.

302 A nurse in travel status is not entitled to the above allowances.

303 Special emergencies where special circumstances arise, (e.g. flood control, fire duties, etc.) and a nurse is required to work extended hours in connection with that emergency, with the authority of the Employer, the nurse may claim the cost of purchased meals appropriate to the period worked, as provided for under Article 2 – Meals Expenses – Travel Within the Province.

INCIDENTALS ALLOWANCE

401 A nurse who is in travel status may claim an incidentals allowance for each night of:

(a) commercial accommodation
\$4.60

(b) non-commercial accommodation
\$3.20

When the "Province of Manitoba Meals & Miscellaneous Expenses" rates are adjusted and exceed the above rates, the Employer will adjust the rates retroactive to the date the Provincial rates take effect. All future rate adjustments will parallel the Provincial adjustments.

402 The incidentals allowance covers reimbursement for all incidental expenses

except as provided in Article 5 – Miscellaneous Expenses During Travel.

MISCELLANEOUS EXPENSES DURING TRAVEL

501 Gratuities

No gratuities may be claimed. Allowance is made for these in either the individual meal allowances, the per diem allowances, or as part of the claim for meals during travel outside the province.

502 Laundry

(a) Laundry charges must be supported by receipts and may only be claimed where the nurse is travelling on Employer business and overnight away-from-home accommodation is involved for a period in excess of four (4) consecutive nights.

(b) No claim may be made where special reimbursement arrangements have been made, such as a weekly or monthly allowance for living costs.

503 Parking

(a) A nurse may claim parking expenses as follows:

- (i) short-term parking, when the nurse is away from the workplace; and
- (ii) overnight parking where it is not provided with accommodation.

(b) parking at an airport or other transportation terminal will only be allowed where the parking cost and the transportation costs to and from the terminal are less than the normal allowable transportation costs i.e. limousine, taxi or bus, as available.

504 Telephone and Facsimiles

(a) Charges for telephone calls and facsimiles necessary for business purposes may only be claimed when they are supported by a listing of the person telephoned or faxed and the city or town involved.

(b) A nurse is entitled to claim the cost of long distance telephone calls up to a maximum of four dollars and seventy-eight cents (\$4.78) for each period of three (3) consecutive nights away from the nurse's residence on Employer business and overnight accommodation is involved.

TRAVEL STATUS – RETURN HOME OVER A WEEKEND

- 601** Provided that work schedules permit, a nurse in travel status may return home over a weekend and shall be reimbursed travel expenses in an amount not exceeding the cost of maintaining the nurse in travel status over the weekend.
- 602** If travel is by Employer vehicle, this cost should be evaluated at the per kilometer rate applicable for personal distance travelled for that class of vehicle.

ACCOMMODATIONS

- 701** Nurses travelling on Employer business are entitled to standard hotel room accommodation with a bath when available.
- 702** The type, standard and cost of accommodation, and the period for which such costs may be allowed shall, in the opinion of the Employer, be reasonable considering all relevant circumstances.
- 703** No accommodation expenses are claimable when the Employer provides a trailer or other suitable accommodation.

DEFINITIONS

- 801** “Travel Status” means absence of the nurse from the nurse’s permanent work location on Employer-approved business involving travel and accommodation.

APPENDIX “F” -- BI-WEEKLY REMOTENESS ALLOWANCES

Remoteness Allowances shall be paid to nurses subject to the following eligibility criteria and conditions:

A. Single or Dependent Allowance

Single status will be assumed for all nurses eligible for Remoteness Allowances, and claims for dependent rate will be subject to the following criteria and conditions:

1. The nurse shall be supporting one or more dependents where a dependent includes:

spouse or common-law, including same sex partner, living with and dependent on the nurse for main and continuing support; this is presumed to be the spouse or common-law spouse whether or not gainfully employed, unless satisfactory evidence is produced to the contrary;

unmarried dependent children under 18 years of age;

unmarried dependent children over 18 but under 21 years if in full time attendance at a school or university or similar educational institution;

unmarried children of any age with a mental or physical disability

2. There is a presumption of marriage evidenced by co-habitation. If a marriage contract is not in existence, a common-law arrangement must have been in existence for at least one (1) year prior to the application.
3. A claim, with appropriate attestation, notarized where considered necessary, for payment of depending supporting status allowances, will be submitted to the Employer when first requesting the allowance, and at the request of the Employer. However, the nurse is responsible to provide appropriate attestation to the Employer when any change occurs in the eligibility of a dependent.
4. Where both spouses or common-law partners are employees of the Employer to which these criteria eligibility apply, the dependent rate will be paid to one spouse or common-law partner only and the other one will not receive either the dependent or single rate of Remoteness Allowance, or the employees can receive one-half of the dependent rate each.

B. Calculation of and Eligibility for Daily rates:

Remoteness Allowances are to be determined separately from hourly wage rates. Remoteness Allowances are to be considered on a daily basis, i.e. 1/10th of the bi-weekly rate, up to the maximum amount for the bi-weekly period.

1. The nurse shall receive 1/10th of the bi-weekly rate for every day the nurse is at work irrespective of the number of hours worked, so long as a minimum of one hour is worked that day.
2. Where a nurse regularly works a shift above the normal daily hours (7.75), the allowance will be provided on a prorated basis.
3. For each day that the nurse is recognized as being on “stand-by”.

C. Locations and Residence:

The Remoteness Allowance applicable to the location at which the nurse has established their residence and maintains a family home is normally that which prevails, since the residence would be within normal daily travel distance to the nurses' work site. In any case where the nurse does not have a residence established on a continuing basis in relation to their work site, the location of the nurse's work site, as established by the Employer, shall be considered the location for Remoteness Allowance

D. Limitations:

The Remoteness Allowances for the various sites for nurses who are single or supporting dependent(s) as indicated, represent a maximum hourly taxable allowance relative to paid employment. They are payable during recognized holidays and vacations taken during continued employment, while receiving income protection benefits. They are not payable during periods of absence without pay, nor payable at overtime rates or other premium pay scales, nor included as part of regular bi-weekly earnings in calculation of vacation wages on termination of employment.

E. Geographic Eligibility:

No location will be included for Remoteness Allowance that is two hundred and fifty (250) kilometers or less from the centre of the metropolitan area of the City of Winnipeg or the City of Brandon, unless that location is a distance of sixty-five (65) kilometers or more by the most direct road to a provincial trunk highway or paved provincial road, and the aggregate distance to the highway or paved road and then to Winnipeg or Brandon totals two hundred (200) or more kilometers. No location having road access and situated south of the

fifty-third (53rd) parallel of latitude will be included unless the criterion concerning off-highway access was met.

- F. A full-time nurse eligible for Remoteness Allowance as provided in this schedule shall be eligible, in each fiscal year (April 1 to March 31), to receive up to a maximum of two (2) days travel time without loss of regular pay.

The Employer and the Union further agree that any improvement to this policy which is made by the Provincial Government will equally affect all nurses who come under the scope of this Agreement.

**MEMORANDA OF UNDERSTANDING
SUPPLEMENTARY TO THE COLLECTIVE AGREEMENT
BETWEEN
SHARED HEALTH EMPLOYERS ORGANIZATION
AND
THE MANITOBA NURSES' UNION**

1. Re: Ratification of Collective Agreement

The ratification date of the current Collective Agreement occurred on July 8, 2024.

2. Re: Manitoba Health Premiums (*n/a @ Breast Health Centre*)

It is agreed that if Manitoba Health premiums are introduced during the life of this Agreement, the parties will meet to discuss and decide on an equitable sharing of the cost of these premiums.

3. Re: Amnesty From Provincial Wage/Hours Of Work Reduction Legislation

The Employer will not exercise any right it may receive through legislation which enables the Employer to unilaterally reduce the wages specified in the Collective Agreement or the hours of work specified in the Collective Agreement during the life of this Collective Agreement.

4. Re: Shifts of Less than 7.75 Hours (*n/a @ Breast Health Centre*)

The Employer and the Union mutually agree that the following conditions shall apply to shifts of less than seven and three-quarter (7.75) hours. It is agreed that there shall be no scheduled shifts of less than four (4.0) hours.

1. The terms and conditions of the Collective Agreement shall apply to part-time nurses working shifts of less than seven and three-quarter (7.75) hours except as otherwise stated hereinafter.
2. The Employer shall notify the Union in writing of its intent to introduce a shift of less than seven and three-quarter (7.75) hours. This notice shall include reasons for the introduction of this shift. The Employer and the Union shall meet within fourteen (14) days to discuss the introduction of the shift and the feasibility of

available alternatives to same. If there are no mutually acceptable alternatives, then the following shall apply.

3. The Employer shall post all vacant, term or new positions which will include scheduled shifts of less than seven and three-quarter (7.75) hours. Such posting(s) shall specify the shift length(s) for the particular position.
4. Shifts of four (4.0) to five (5.0) paid hours shall include one (1) fifteen (15) minute rest period. Shifts of greater than five (5.0) paid hours but less than seven (7.0) paid hours shall include one (1) fifteen (15) minute rest period and exclude one (1) thirty (30) minute unpaid meal period. For shifts of seven (7.0) paid hours to seven and three-quarter (7.75) paid hours - rest and meal periods to be the same as per current agreements Article 14 for the "normal" seven and three-quarter (7.75) hour shift.
5. In the event that a nurse working such a shift agrees to remain at work beyond the end of their scheduled shift, the nurse shall be paid for all hours worked beyond the shift at their basic salary up to seven and three-quarter (7.75) hours. Overtime rates of pay shall be applicable to time worked in excess of seven and three-quarter (7.75) hours, such time to have been authorized in such manner and by such person as may be directed by the Employer.
6. If a part-time nurse agrees to work an additional available shift, as referenced in 3402, the nurse shall be paid for those hours at their basic salary unless the part-time nurse has already worked in that day, in which case overtime rates of pay shall apply.
7. No nurse shall be scheduled to work more than one (1) shift of less than seven and three-quarter (7.75) hours in any one (1) day.

5. Re: Agency Nurses

The Employer commits to making best efforts to minimize to the greatest degree possible the use of nurses employed by outside agencies ("agency nurses") to fill occasional available shifts.

Any Employer within the EO shall not retain or hire as an agency nurse, any nurse who is also an employee of any Employer within the EO. In order to avoid such occurrence, the Employer may at its discretion require the nurse to disclose any agency employment and clearly communicate the prohibition to work as an agency nurse within the same EO where a nurse is already employed.

The Employer affirms its commitment that such shifts, including those which result from not filling term or permanent positions for a period of time, will be offered first to facility, other sites and/or the Provincial Travel Nurse Team nurses in accordance with the

provisions of the Collective Agreement. Only when nurses at the facility/site are not available, will the facility/site resort to seeking assistance from outside agencies.

The Employer further agrees to meet with the Union on a quarterly basis through the NAC meeting process, to review trends and data (number of agency nurses used, reasons for use and process management used to attempt to obtain facility/site nurses) and explore alternatives to minimize the use of agency nurses to the greatest degree possible. Included in the data provided will be hours of agency nurses used by classification, and separated by Region and site. Such report will be provided to MNU Central on a quarterly basis to facilitate discussion. It is understood that the information provided may only be discussed at the NAC meetings, and shall not be disclosed or relied upon in any other forum other than the grievance/arbitration procedure.

Should there be questions arising from the report, such inquiries should be directed to the appropriate Region for resolution.

16. Re: Grievance Investigation Process

The process is intended to create a harmonious relationship in order to promptly resolve grievances in an economical fashion.

On this basis, the parties are committed to the utilization of the following process where it is mutually agreed to be appropriate.

In the event that either party states that it is inappropriate to utilize the process and prior to a failure to utilize the process, the Executive Director of the MNU and the Director of the PHLRS shall review the matter and exchange the positions of the parties.

The parties hereto agree that the following conditions shall apply to the implementation and operation of the Grievance Investigation Process:

Part 1 GENERAL

1. The Grievance Investigator shall be an individual jointly approved by the MNU and representatives of the Employers Organizations [Provincial Health Labour Relations Services (PHLRS)]. The terms of appointment of the Grievance Investigator shall be set out in a separate document between the MNU, PHLRS and the Grievance Investigator.
2. It is recognized that Grievance Investigation is a voluntary process and either party may request that any grievance be submitted to grievance Investigation; however, both parties must agree on each case to be so submitted. Where such mutual agreement cannot be reached then the provisions of the Collective Agreement regarding Arbitration shall apply.
3. It is understood that the opinion of the Grievance Investigator is advisory in nature and is non-binding on either party. Where one or both of the parties does not accept the opinion of the Investigator then the option shall remain to utilize the Arbitration procedure contained in the Collective Agreement.
4. a) It is understood that where the parties agree to abide by the opinion of the Investigator, it is done so on a without precedent or prejudice basis.

-
- b) An opinion expressed by the Grievance Investigator regarding any issue shall not be submitted to any future Grievance Investigation nor to any Arbitrator.
5. The Grievance Investigator shall conduct an investigation into each grievance jointly submitted to them. It is expected that a hearing will be required in the normal course of the investigation. Within seven (7) days of a grievance being submitted to them, the Grievance Investigator shall schedule a hearing to be held within the thirty (30) day period following submission to them. The Grievance Investigator is empowered to fulfil their role in any manner deemed by them to be most effective given the individual circumstances of each case. The Grievance Investigator's general role is to:
- a) investigate each grievance jointly submitted
 - b) define the issue(s) in dispute
 - c) provide an opinion as to an appropriate resolution of the dispute.
 - d) otherwise assist the parties in reaching a resolution.
6. The Grievance Investigator is expected to give a verbal opinion at the conclusion of a hearing, and to submit a brief written opinion to each of the parties within seven (7) calendar days following a hearing. Where no hearing is held, it is expected that the Grievance Investigator will provide their written opinion within seven (7) calendar days following completion of their investigation.
7. Where either or both parties choose not to accept the opinion of the Grievance Investigator, they shall, within seven (7) calendar days following receipt of the Investigator's written opinion, submit it in writing to both the Investigator and the other party, their reasons for non-acceptance. Such reasons shall not be admissible at any future arbitration hearing or Grievance Investigation proceeding.
8. The parties shall jointly prepare guidelines to assist the Grievance Investigator in meeting the expectations of the parties. These guidelines may be amended from time to time during the Collective Agreement as circumstances warrant and as mutually agreed. The parties shall meet on a province wide basis through staff representatives of the MNU and the PHLRS at the request of either of these two bodies, but not less frequently than every six (6) months to review the operation and utilization of the Grievance Investigation Process.
9. Nothing shall preclude the parties from resolving any grievance in any mutually agreed manner either before, during, or after its referral to the Grievance Investigation Process.
10. It is expressly understood that the Grievance Investigation Process is intended to provide a cost-effective, informal, and timely alternative to conventional arbitration.

Part 2 SUBMISSION OF GRIEVANCE

1. In all cases the grievance procedure contained in the Collective Agreement will continue to apply; however, where the grievance procedure has been exhausted and a party has certain time limits to refer the matter to arbitration, that party might instead within this time limit, advise the other party in writing of its desire to refer the matter to the Grievance Investigation Process. Where such a request is made, the time limits referenced in the Grievance/Arbitration procedure shall be temporarily suspended until:
 - a) the other party advises the party who has made such a request that it does not agree to refer the matter to the Grievance Investigation Process, or
 - b) fourteen (14) calendar days have elapsed from the date the request was made and the other party has failed to respond, or
 - c) fourteen (14) calendar days have elapsed from the date upon which the Grievance Investigator issued their written opinion.

When any one of the events referred to in a), b), or c) above occur, the time limits for referring the matter to arbitration shall commence as if the grievance procedure had been exhausted on that date.

Part 3 HEARINGS

1. Hearings will normally be held on the premises of the facility where the grievance originated from; however, the Investigator may, with the consent of both parties, choose a more appropriate location in such instances as where several grievances originating from different locations can be heard at the same hearing.
2. The parties agree not to be represented at any Grievance Investigation hearing by legal counsel. Attendance at hearings shall be limited to a maximum of four (4) employees from the bargaining unit and/or the Union, and four (4) Employer and/or PHLRS representatives. This stipulation shall not prevent the Grievance Investigator from requesting the attendance of any other person who can assist in clarifying the issue in dispute.
3. The parties agree to provide the Investigator with a jointly prepared statement of facts in an effort to narrow the scope of any dispute and to minimize the need to present evidence through witnesses. The Grievance Investigator may through the course of their investigation determine additional facts relevant to the resolution of the matter and shall advise the parties accordingly.
4. Hearings shall be held in an informal manner; however, the Investigator shall conduct any hearing in a manner deemed by them to be effective. Witnesses will not give evidence under oath but the Investigator may act as a participant in attempting to resolve areas of conflicting evidence.

5. Each party shall pay for their own costs associated with any witnesses (wages, payroll costs, and expenses) that are used to provide information as part of their evidence.

The Employer will be responsible for paying the grievor for the time of attendance at the GIP hearing at straight time rates.

Part 4 GUIDELINES FOR GRIEVANCE INVESTIGATOR

1. The Grievance Investigator shall be expected to accept the role for the life of the Collective Agreement.
1. While appointed, the Grievance Investigator may not act on behalf of one of the parties either as counsel or nominee at conventional arbitration. They may serve as sole Arbitrator or Chairperson of an Arbitration Board hearing a dispute involving one or both of the parties except in the case of a dispute which has previously been referred to them in their capacity as Grievance Investigator.
2. While it is not expected to be as detailed as an Arbitrator's award, the parties do expect the written opinion to be a concise statement of the reasoning followed in reaching their conclusions. A detailed review of the positions of the parties or arbitral jurisprudence is not expected nor is any recounting of non-germane fact or argument. The opinion should contain sufficient information to assist the parties in preventing similar future disputes.
4. The parties shall each pay for their own costs associated with referring and processing a grievance through the Grievance Investigation Process except that the parties shall jointly and equally share the fees and expenses of the Grievance Investigator.
5. The Grievance Investigator is empowered to consider any grievable matter put to them by the parties including a question of whether or not an issue is grievable.
6. The opinion of the Grievance Investigator is expected to be an informed estimate of the likelihood of the grievance being sustained or denied in the event of it being referred to arbitration.
7. The Grievance Investigator will be provided with any documentation which might provide assistance to them carrying out their role.

20. Overtime

- (i) Overtime shall be time worked which exceeds the normal daily shift as defined in Article 14 of the Collective Agreement, or
 - (ii) Due to the nature of the compressed work schedule associated with a Team position an annual paid hours reconciliation will be conducted for the period of April 1 to March 31 each year. Hours paid over 2015 annual hours will be paid at the applicable overtime rate as outlined in the Collective Agreement.
- 21. Where a nurse accepts a full time or part time position with the PTNT they shall qualify for any incentive(s) in accordance with the Collective Agreement and any other active memorandum.
- 22. Where a nurse is required to work 50 kilometers or less from their residence (measured in distance via serviceable public roadway) the nurse is not eligible to receive mileage, travel time or per diem.
- 23. Where a nurse is required to work in an “away” capacity greater than 50 kilometers from their residence (measured in distance via serviceable public roadway) they shall receive:
 - (i) Travel time, exclusive of time spent traveling to the province of Manitoba, will be paid at the nurse’s regular rate of pay (or at 1.5x on a Recognized Holiday) for all hours engaged in travel, up to a maximum of 8 hours, however the Employer will pay beyond 8 hours in cases of exceptional circumstances. Travel time shall not be considered as part of the nurse’s EFT, however travel time in combination with the nurse’s EFT shall be applicable towards qualification for any of the existing incentives (Full Time, Retention/Recruitment). However, where circumstances arise where travel time to a remote location routinely exceeds eight (8) hours in duration by the most direct and efficient means, the parties agree to revisit the maximum amount to reflect the amount of travel time actually required for that location. For clarity travel time shall be counted towards duration of work for the purposes of Article 1611.
 - (ii) Where the nurse utilizes their personal vehicle, they shall be provided the mileage rate as per the Collective Agreement. The most direct travel route shall be used for the calculation using Google Maps via serviceable public roadway.
 - (iii) A nurse travelling on a regular scheduled day of work will not suffer any loss in basic salary as a result of missing any portion of a scheduled workday due to travel.

- (iv) No nurse will be compelled to involuntarily accept an assignment where travel exceeds four (4) hours in duration.
 - (v) Where required, accommodations will be provided if available. Where accommodations cannot be provided, the nurse will be reimbursed for reasonable accommodations made.
24. Per diem of \$60 per day, south of 53rd parallel, or \$65 north of the 53rd parallel for each day in “away” status. Where travel is of significant distance from the nurse’s residence the Employer shall provide return airfare, taxi or vehicle rental expenses as required and provide suitable accommodation for the duration of all “away” assignments. A personal automobile may be used for travel when other transportation is unavailable, or it is determined to be, with the prior approval of the Employer, an efficient and practical method. Reimbursement shall not exceed the amount that would have been paid if the nurse had traveled on a commercial carrier (documentation should be provided noting what the price of travel by the commercial carrier would have been) and shall be calculated on the mileage rate as per the Collective Agreement.

Where nurses elect to use a personal automobile between their residence and station or airport, the nurses may claim a mileage allowance and parking, with the total amount allowed not to exceed the equivalent cost of taxi service. In determining the efficiency and practicality of personal vehicle usage versus commercial carrier or other form of commercial travel the following shall be taken into account:

- a) Availability of commercial travel on the date travel would be required in order to attend for the required shift(s).
- b) Difference in travel time between use of commercially available travel for the required dates and use of personal vehicle.
- c) Difference in cost of required additional accommodation for use of personal automobile versus use of commercial travel, taxi or rental vehicle (where applicable).

For the purposes of this section, when disputing the efficiency and practicality of the use of a personal vehicle, the onus will be on the Employer to;

- i) demonstrate the travel for the prescribed period could have been accomplished more practically and efficiently through an alternate reasonable method.

- ii) have provided sufficient advance notice to the nurse in such circumstances such that there was a reasonable opportunity for the nurse to amend travel plans to align with the Employer's preferred method of travel.
- 25. Where a nurse is designated to work in another facility, site or program or in travel status within twenty-four (24) hours of the conclusion of their designated shift, they shall not be mandated to work overtime. Exception would be when the Team nurse is the only assigned nurse and unable to leave. In such case the Employer(s) shall provide the nurse with a minimum of eight (8) hours clear rest between cessation of work and commencement of travel or commencement of attending the start of a scheduled shift at another facility/site/program. The nurse shall not suffer a loss of pay for any hours of the shift designated to be worked in another facility/site/program that is missed as a result of providing the clear rest period.
- 26. The Employer commits that the locations where a nurse may work will be determined by taking into primary consideration the indicated preference(s) of the nurse. The Employer commits to a stable list of sites where the nurse will work with consideration taken of the operational needs of the Employers. Unless waived by agreement between the nurse and the Employer, the nurse's preferred sites must include at least one (1) of either rural or northern Employer Organization. The Employer and Union agree that PTNT nurse familiarity and experience with a constant site assignment is beneficial to patient/resident care. Where any changes are unavoidably necessary to ensure maintenance of the nurses' EFT such will be made through mutual agreement whenever reasonably possible. Where there is no mutual agreement between the nurse and the Employer, the Employer shall not compel a nurse to travel to a non-preferred site (Appendix D) without significant notice (minimum two weeks), so as to provide stability to the nurse's assignment within the relevant posting periods. The Employer commits to maintain an environment of attractiveness/desirability for PTNT positions so as to maximize recruitment/retention of nurses and tangible mitigation/reduction of Agency nurse use. Such will include stability of assignment and avoidance of assignment to nonpreferred sites unless significant urgent and exigent circumstances make such unavoidable in order to provide necessary patient care. In the circumstance that the Employer compels the nurse to travel to and/or work at a non-preferred site, the nurse shall be compensated at double the premium amount for the Provincial Travel Nurse Team, applicable as per Article 2805 Re: Involuntary Reassignment in Event of Staffing Shortages.

27. Re: Application of Article 15 as it relates to nurses employed in the Provincial Travel Nurse Team

It is understood that for nurses in the Provincial Travel Nurse Team, the provisions of Article 1501 and 1504 shall be waived and amended within reason with the mutual agreement of the nurse and the Union. However, with respect to Article 1501 the Employer shall endeavor to provide as much advance notice as possible to the nurse in regards to the schedule. The waiving of Articles 1501 and 1504 applies ONLY to those nursing positions within the Provincial Travel Nurse Team and is on an entirely without prejudice and precedent basis. The Employer agrees that such exception shall not be adduced or utilized to seek similar exception for any positions outside the Provincial Travel Nurse Team.

It is understood that where a nurse's schedule may include scheduled gaps, for example a 4 week on, 4 week off schedule, the Employer will ensure coverage for all benefits are maintained and an accounts receivable established for the nurse and such arrears will be deducted from the nurse's next pay. For gaps in excess of three (3) months, nurse will be required to prepay benefits.

In regards to the assignment of shifts for the FT and PT PTNT nurses, it is understood that FT and PT PTNT nurses will be assigned shifts prior to the PT site nurses picking up additional available shifts in order to guarantee the EFT of the PTNT nurses. Determination of allocation of shifts is as follows:

- (i) Site nurses to fulfill EFT
- (ii) Site Float/Relief to fulfill EFT
- (iii) Regional Float/Relief Pool to fulfill EFT
- (iv) Provincial Travel Nurse Team to fulfill EFT

Once the above EFT's are assigned, then posted anticipated additional available shifts will be awarded as follows:

- (i) Part time site nurses (not in OT position)
- (ii) Part time site Float or Relief Pool nurses (not in OT position)
- (iii) Part Time Regional Float (not in OT position)
- (iv) Site Casual nurses (not in OT position)
- (v) Site Casual Float / Relief Pool nurses (not in OT position)
- (vi) Regional casual nurses (not in OT position)

- (vii) Provincial Travel Nurse Team Part Time (not in OT position)
- (viii) PTNT casual nurses (not in OT position)
- (ix) Full time nurses at site (in OT position)
- (x) Part Time nurses at site (in OT position)
- (xi) Full time Site Float or Relief nurses (in OT position)
- (xii) Part time Site Float or Relief nurses (in OT position)
- (xiii) Full time Regional Float (in OT position)
- (xiv) Part time Regional Float (in OT position)
- (xv) Site Casual nurses (in OT position)
- (xvi) Casual Site Float or Relief nurses (in OT position)
- (xvii) Casual Regional Float nurses (in OT position)
- (xviii) Casual Regional nurses (in OT position)
- (xix) Full time PTNT nurses (in OT position)
- (xx) Part Time PTNT nurses (in OT position)
- (xxi) Casual PTNT nurses (in OT Position)

Overtime shall be awarded in accordance with Article 16 of the Shared Health Collective Agreement.

28. Recognizing the operational challenges and difficulties for remote facilities/sites, PTNT nurses will be assigned shifts at regular rates in such facilities/sites during the scheduling period after site nurses schedules are determined in order to fulfill their respective EFT, and may be assigned shifts prior to site nurses being offered overtime. Overtime will be offered to Full and Part Time nurses at a site prior to overtime for PTNT nurses for the following remote sites: Churchill, NRHA, Berens River. The exception for these sites is meant to address the travel and work/life balance difficulties associated with bringing nurses to these remote locations to mitigate unfilled shifts. The intent is not to disadvantage site nurses, but to ensure adequate PTNT nurses are willing to fill such shifts in a manner that avoids excessive and inefficient travel.
29. Excluding Casual Nurses: Where a nurse is able to remain at, or return to, their residence but cannot travel to the scheduled site due to whiteout/blizzard

conditions in Manitoba as declared by Environment Canada or the Employer, or due to road closures as declared by police agencies or The Department of Transportation and Infrastructure, or due to flight cancellations in Manitoba:

- a) the nurse shall be rescheduled at a mutually agreeable time if reasonably possible during the following two (2) consecutive bi-weekly pay periods to work any hours missed.
 - b) Where the scheduling of such shift cannot be reasonably accommodated the nurse shall be compensated at a rate of two (2) hours basic pay per eight (8) hours or portion thereof of scheduled work hours missed.
 - c) If the nurse can reasonably be rescheduled and chooses not to be rescheduled, the nurse may take the time from current banked time which includes banked overtime, Recognized Holidays or vacation.
 - d) The nurse shall be compensated at the rates described in #24, #25 & #26 of this MOU for all hours and expenses engaged in attempts to travel to the scheduled worksite as well as the return home.
 - e) Includes Casual Nurses: Where a nurse is engaged in travel to a scheduled site and is unable to arrive there and/or to return home due to conditions as described in 12 above, the nurse shall be reimbursed for all related expenses incurred and paid for the duration of the scheduled shift. When the nurse arrives at home they shall be then compensated as described in b) above.
30. Where incentives (monetary or non-monetary) associated to the PTNT prove insufficient to achieve the stated purposes as outlined in the preamble, the parties shall engage in meaningful negotiations to consider, and exercise all due diligence to develop, agree upon and implement additional incentives, or modification of existing incentives, in order to achieve the goals outlined therein. Either party may give written notice to the other to commence such negotiations. Upon receipt of such notice, the receiving party shall meet with the sending party no later than sixty (60) days thereafter.
31. Where a PTNT nurse selects earned vacation outside all the time frames listed below, such nurse shall receive an additional one (1) day's paid vacation to be taken in that vacation year, which may be booked in accordance with the process for booking any reserved days as outlined in Article 2101 (added to the up to five (5) days of regular vacation that may be retained).

- a. The week before and the week after Christmas
 - b. the week of Spring Break (last week of March)
 - c. July and August
32. Vacancy Selection – for the purposes of vacancy selection of PTNT nurses, the following order of selection will apply:
1. Internal PTNT nurses
 2. Nurses employed within Direct Ops in any Employers Organization
 3. Nurses from another Employer in any Employers Organization
 4. External to Employers Organization

Where there is a tie in seniority amongst the most senior nurses for a position, and a tiebreaker is required, a draw will be conducted between those senior nurse applicants, in the presence of the union representative. The winner of the draw will be awarded the position.

33. The parties (Union and Employer) agree to meet at minimum every twelve (12) months after the date of signing this agreement to review the terms and conditions herein and make any modifications as agreed upon.
34. The parties will incorporate all terms and conditions into the Collective Agreement.

The terms and conditions of this memorandum shall be modified as necessary upon mutual written agreement of the Employer and the Union.

25. Re: Preservation of Seniority, etc. For Different Annual Work Hours

WHEREAS the Health Sector Bargaining Unit Review Act (HSBURA) required a realignment of bargaining unit representation;

AND WHEREAS employees/nurses (“nurses”) formerly represented by the other bargaining agents were, subsequent to the issuance of Interim Labour Certificates, then represented by the Manitoba Nurses Union (MNU);

AND WHEREAS the MNU as bargaining agent conducted subsequent Collective Agreement negotiations on behalf of all nurses now represented by MNU, at “central table” negotiations;

AND WHEREAS certain nurses had previously accrued seniority and service at a rate that may be different than specified in the MNU Collective Agreement(s) negotiated at “central table”, and occupied positions which were subject to former Collective Agreement provisions that specified qualifying full time annual hours which varied from those in the MNU Collective Agreement(s);

AND WHEREAS certain other nurses represented by MNU prior to the realignment of HSBURA, occupied positions which were subject to previous MNU Collective Agreement provisions that specified a variety of qualifying full time annual hours other than two thousand fifteen (2015);

AND WHEREAS the parties have agreed, through collective bargaining, that effective April 1, 2022, all annual hours of full-time work shall be standardized to be two thousand fifteen (2015) for all nurses in all MNU bargaining units represented at “central table”;

NOW THEREFORE the parties agree as follows:

1. Where, for any period prior to April 1, 2022, a nurse occupies(d) any position for which the annual hours which qualify for “full time” are other than two thousand fifteen (2015), all calculations of years of service, or portions thereof, for any such period prior to April 1, 2022, shall be conducted based on the number of hours then associated with the position.

2. For greater certainty, any years or portions thereof, prior to April 1, 2022, shall be recognized using the qualifying amounts of annual hours for that position at the relevant time, for the purposes of determining seniority as per Article 2501, and all other relevant accruals, including but not limited to: vacation accrual, and pre- retirement leave.

Example 1: Nurse A commenced a full-time position effective April 1, 2016. The annual hours for the position were 1885 up until the date of standardization, i.e., April 1, 2022. Nurse A worked 1885 hours per year up until April 1, 2022, and further five (5) years thereafter at 2015 hours per annum, retiring on March 31, 2027 at age 57. Nurse A would have eleven (11) years of service, resulting in 44 days of pre-retirement entitlement in accordance with Article 2413(a). For the purposes of vacation entitlement and paid vacation, Nurse A would qualify for paid vacation of twenty five (25) days/five (5) weeks, effective April 1, 2026 as per Article 2103 (i.e., in the eleventh year of service).

Example 2: Nurse B was hired for and worked a 0.5 EFT (and no additional available shifts beyond the 0.5 EFT), beginning on April 1, 2016 and retiring on March 31, 2027. The annual hours for the position were 1885 up until the date of standardization, i.e., April 1, 2022. Nurse B would receive 22 days pre-retirement leave, upon retirement.

3. For the purposes of increment advancement, please refer to the MOU #26 re: Article 3408 (Increments).

26. Re: Article 3408 (Increments)

For part-time nurses whose annual hour base prior to April 1, 2022 is different than 2015, the parties agree that the nurse's former Collective Agreement provisions, as they relate to receiving the next increment on the salary scale, shall continue to apply up until such time as the nurse has received their next increment. Thereafter, Article 3408 of the MNU Collective Agreement shall apply.

For clarity this MOU applies only to the timing of the receipt of the subsequent increment. The salary scales themselves, with respect to the amount corresponding to each step, are understood to be as per the new Collective Agreement.

27. Re: Hours of Work

The existing provisions governing hours of work (Collective Agreement MOUs MOAs) in place at each site shall be maintained as per existing practice (as outlined in the former applicable Collective Agreements MOUs MOAs) until 2400 hours, March 31st, 2022. Existing provisions shall include, but are not limited to: rest periods, meal periods, shift duration, days of rest, flex time, and any other consideration with respect to the administration of hours of work.

It is understood between the parties that for the purposes of interpreting Article 302 (b) – (Part Time Nurse Definition), and Article 14 for the sites and employers comprising the Employers Organization, the paragraph above will apply until March 31st, 2022.

Effective 0001 hours, April 1st, 2022 the provisions of Article 302 (b) and Article 14 of this Collective Agreement shall then apply to all sites unless otherwise agreed by the parties.

28. Re: Undergraduate Nursing Employee (UNE)

Nursing students who have completed an appropriate amount of the curriculum and clinical experience are a valuable resource to support the existing collaborative health care team to provide patient centered care within the health care system;

1. The UNE will be a nursing student enrolled in an Employer-approved nursing education program leading to initial entry to practice as a Registered Nurse (RN) or Registered Psychiatric Nurse (RPN). When a UNE is no longer enrolled in the approved nursing education program the UNE is no longer permitted to work as a UNE.

The UNE position provides an opportunity for the nursing student to consolidate the knowledge and skill acquired in their nursing education program towards competency in the range and complexity of RN or RPN practice. The UNE is an

unregulated member of the collaborative health care team who provides patient centered care under the supervision of the RN or RPN.

2. All regular hours accrued while working in the casual UNE position will be credited towards seniority and increment hours when such nurse acquires a part time or full time position as a Graduate Nurse or Registered Nurse or Graduate Psychiatric Nurses or Registered Psychiatric Nurse.
3. The parties recognize that there may be a gap in time between when the UNE is officially graduated and when they write the NCLEX in order to become a registered nurse. The parties agree that in recognition of the potential gap in time the UNE will be able to maintain their casual seniority for a period of one hundred twenty (120) days post graduation during the period of time they are waiting to write the NCLEX. This allows the UNE to utilize such seniority for the purposes of vacancy selection in accordance with the collective agreement.

In the event one hundred twenty (120) days are exceeded, unless there are extenuating circumstances, the UNE will be terminated and no longer be eligible to use casual seniority hours accrued.

As a casual employee, the UNE will be subject to the provisions of Article 35 – Special Understanding re Casual Nurses, with the exception of:

- a. 3503
 - i. the allowance as outlined in Article 18;
 - ii. Responsibility Pay premium outlined in Article 19;
 - iii. the Employer Sponsored Education Development allowance in Article 2407.
 - b. 3504 UNE's will be paid 5%-Recognized Holiday pay.
4. The UNE will be compensated in accordance with Appendix "A" of the Collective Agreement.

Utilization and employment of UNEs shall not result in elimination or reduction of positions for all other classification of nurses, nor result in the reduction of the availability of additional available shifts, or a reduction in the hours that would otherwise be available for any other classification of nurses. The parties shall discuss the ongoing role of the UNE at the applicable Nursing Advisory Committee (NAC) meeting and address issues raised by the parties to ensure the successful implementation of this classification. In the event that there is a permanent increase or decrease to the nursing complement or there is a change to the master rotation on a unit where the UNE is utilized, the Employer will advise the Union of such change.

29. Re: Vacancy Information Provided to Patient Care Optimization Committee

The parties acknowledge and agree that the sharing of relevant information in a timely fashion is important to the achievement of the objectives of the Patient Care Optimization Committee (“the Committee”).

In order to support the work of the Committee as it relates to issues of recruitment and retention, and to identify where staffing priorities and needs may exist across Manitoba, it is agreed that each Employers Organization will provide to the Committee a quarterly vacancy report containing monthly nursing vacancies categorized by facility/site/program, as appropriate.

It is understood and agreed that detailed vacancy information exchanged between the parties pursuant to this memorandum will not be shared publicly. This does not prevent either party from commenting on significant shortages due to unfilled vacancies or generalized vacancy trends publicly.

30. Re: Reference to Standardization Committee During Term of Agreement

WHEREAS in negotiating the terms of the six (6) Collective Agreements between the Manitoba Nurses Union and the Employers Organizations to which this Memorandum of Understanding is attached, the parties have sought to standardize Collective Agreement terms across all agreements, but recognize that additional consultation is necessary before attempts can be made to standardize the terms governing issues identified by Employers and worksites; Employers Organizations and Bargaining Units;

AND WHEREAS the complexity of attempting to standardize terms related to these issues is such that it was not practicable to attempt to do so in the negotiation of the current Collective Agreements;

AND WHEREAS the parties wish to make a “best effort” attempt to reach agreement on standardization of Collective Agreement terms related to these issues during the term of these Collective Agreements;

NOW THEREFORE THE PARTIES AGREE AS FOLLOWS:

The Employers and the Manitoba Nurses Union agree to strike a committee or committees, with equal representation of three (3) to five (5) members each, to engage in a consultative process to seek agreement regarding standardization of Collective Agreement provisions related to the issues.

The Employers Organization shall provide disclosure of relevant data as determined by the committee(s) to permit full consideration by the committee(s).

The committee(s) shall commence consultation at a time agreed by the parties but in any case no later than three (3) months after date of ratification, and shall meet when determined by the committee, with a view to completing consultation within six (6) months of commencement of the committee(s), or such extended period as the parties agree.

Either party's representatives on a committee may introduce any Collective Agreement issue for consideration of standardization.

If a committee is able to reach an agreement on a proposed amendment to the Collective Agreements in respect of any one or more of the issues under consideration, they may recommend such amendments to their respective parties (MNU/PHLRS) for consideration. The parties may agree to proceed with such amendments, subject to necessary ratification, if required, or may table the issue(s) to be addressed in the Collective Agreement negotiations which occur for renewal of the Collective Agreements.

31. Re: French Language

The Employers have an obligation to ensure compliance with respect to a variety of statutory authorities by requiring bilingualism (French and English) as a bona-fide qualification for designated bilingual position(s) within a site/program. In the event the Employer elects to designate an additional bilingual position(s), the Employer and the Union shall meet to discuss the bilingualism requirements attached to the position(s).

The Employers Organizations recognize that the rights of all nurses must be respected under the Collective Agreement. For operational purposes, bilingual position(s) as designated by the Employer may be awarded to a unilingual candidate subject to the requirement to attain linguistic competency in either French or English within a reasonable time period. In the event that there is no qualified bilingual nurse applicant for the designated bilingual position(s), the Employer may fill positions as necessary to meet patient care needs.

The following Memorandum of Understanding particular to the French Language in the Collective Agreements in force and effect when The Health Sector Bargaining Review Act was proclaimed, remain in force and effect for the duration of the Collective Agreement:

In the event of a conflict between this MOU and an existing MOU, the existing MOU shall govern.

Employer	Union	Employer Organization	Number
Actionmarguerite (Saint Boniface) Inc.	Tache Nurses Worksite 49 of the Manitoba Nurses' Union	Winnipeg Employer Organization	FL #1

Actionmarguerite (Saint – Vital) Inc.	Foyer Valade Nurses Worksite 146 of the Manitoba Nurses' Union	Winnipeg Employer Organization	FL #2
St. Boniface General Hospital –	St. Boniface Nurses Worksite 5 of the Manitoba Nurses' Union	Winnipeg Employer Organization	FL #3
Southern Health – Sante Sud a) Foyer Notre Dame b) Centre Sante Notre Dame Worksites	Manitoba Nurses Union	Southern Employer Organization	FL #4

32. Re: Article 30A

The Employer and the Union mutually agree that because St Amant Centre no longer participates at the Central Table negotiations due to the restructuring as a result of the HSBURA legislation, the provisions of Article 30A shall also apply to nurse-initiated mobility to/from St Amant Centre, with the exception of transferability of accrued vacation.

33. Re: Appendix C – Occupational Classifications

The parties acknowledge and agree that most Collective Agreements that are now part of each Employers Organization contain an Appendix C – Occupational Classifications. Each Appendix C is specific to the Employer's or site's previous Collective Agreement.

Specifically, the Appendix C for WCHREO and SHEO in its current form does not reflect the additional classifications that resulted from HSBURA and therefore each Appendix C will need to be updated to reflect such changes, as well as ensure the inclusion of the information from all sites comprising each EO.

In order to work towards a standard Appendix C – Occupational Classifications, the parties agree to maintain the current Appendix C's for each site/Employer, and refer the process of standardization of these Appendices to the Standardization Committee outlined in MOU #30 Re: Reference to Standardization Committee During Term of Agreement.

Where nurses are employed at a site, program or facility that was previously represented by a bargaining unit other than MNU, the parties agree that non nursing classifications under the various Appendix C's, shall not be included. Only those nursing classifications shall remain in the various Appendices, and they shall be aligned with the appropriate salary scale, based on MNU classifications. Should the parties be unable to reach agreement on which classification should apply to such nurses, within 15 days of the signing of this Agreement or such timeline as agreed by the parties, the matter shall be referred to an arbitrator to make a binding determination on the nurse's appropriate classification.

34. Re: Regional Float Nurse(s)

The Employer and the Union agree that the following conditions and understandings shall apply to Nursing Services provided by Regional Float Nurse(s).

1. When Regional Float Positions are created by the Employer, the positions will be posted as per Article 3001.
2. Home base for the successful applicant(s) will be determined as follows:
 - (i) Home base will be one of the sites in which the Regional Float Nurse(s) will be working.
 - (ii) The home base will be determined by the Employer prior to posting, and identified on the job posting, if a significant majority of the work is determined to be at one particular site, or
 - (iii) It will be identified on the job posting that at the conclusion of the posting process, the home base will be determined between the Employer, the Union and the successful applicant.
3. Transportation reimbursement will be provided to regional float nurse(s) in accordance with the prevailing Province of Manitoba mileage rates in accordance with the following formula:

distance (in kms) from the nurse's home to the alternate worksite minus the distance (in kms) from the nurse's home to the nurse's home base (worksite).

 - It is understood that any increases in the mileage rates shall be implemented as quickly as reasonably possible, retroactive to the date the Province of Manitoba mileage rates became effective.
4. Professional practice issues shall be dealt with at the designated home base.
5. The terms and conditions of the Collective Agreement between the Employer and the Manitoba Nurses' Union shall be applicable.

35. Re: Joint Safe Patient Care Committee

In the interest of safe patient care and safe nursing practice, the parties agree to establish a Tripartite Manitoba Nurses Union/Employer/Manitoba Health Committee to review and make recommendations on issues of mutual interest to ensure effective and safe health care service delivery.

Topics will include but are not limited to:

- a) Nursing practice conditions
- b) Safety of patients and nurses
- c) Safe staffing model(s)
- d) Role of Charge Nurse
- e) Patient Care hours
- f) Community nursing

The Committee will be struck and will commence work within ninety (90) days of ratification. The parties shall create terms of reference for the Committee. Such terms of reference shall include a process whereby agreed recommendations may be implemented within the duration of the Collective Agreement.

36. Re: Compressed Schedule Worker

No later than sixty (60) days after ratification of this Agreement, the parties shall establish a committee to develop terms and conditions for part time/full time Compressed Schedule Workers. Where terms and conditions of Compressed Schedule Workers have been established by Agreement, they shall be incorporated into the terms of the current Collective Agreement.

The committee shall consist of equal representation from the parties, with two (2) appointees from the Employer and two (2) from the Union. Either party may initiate commencement of meetings of the committee by providing written notice of such to the other. The parties shall meet within fourteen (14) days of such notice, or later if mutually agreed.

The committee shall, by mutual agreement, establish the frequency of subsequent meetings.

37. Re: Supervised Internationally Educated Nurse (SIEN)

The parties agree that there are IEN applicants who require minimal education that can be remediated quickly through distance or continuing education as identified by the CLPNM.

The parties have agreed and created a new classification for these Internationally Educated Nurses, which will permit eligible IENs to enter into clinical practice sooner, in paid positions.

Inclusion of these internationally educated nurses in the bargaining unit, will afford these IENs the opportunity to utilize rights in the Collective Agreement to apply for nursing positions as an internal candidate;

1. The SIEN may be hired into a casual, part-time or full- time position. The terms and conditions of the MNU Collective Agreement shall apply as a whole with the following exceptions:
 - a. Where a SIEN has been hired as casual, all regular hours accrued while working in this casual position will be credited towards seniority and increment hours when such nurse acquires a part- or full-time position as a Licensed Practical Nurse.
2. The SIEN will be compensated in accordance with Appendix “A” of the Collective Agreement. The graduate practical nurse will continue on the SIEN salary scale until such time as they become a Licensed Practical Nurse.
3. All regular hours accrued while working in the full time, part time or casual SIEN position will be credited towards seniority and increment hours when such nurse acquires a part time or full time position as a Graduate Practical Nurse or a Licensed Practical Nurse.
4. The parties recognize that there may be a gap in time between when the SIEN is officially graduated and when they write the CPNRE in order to become a Licensed Practical Nurse. The parties agree that in recognition of the potential gap in time the SIEN will be able to maintain their casual seniority for a period of one hundred twenty (120) days post graduation during the period of time they are waiting to write the CPNRE. This allows the SIEN to utilize such seniority for the purposes of vacancy selection in accordance with the Collective Agreement.

In the event one hundred twenty (120) days are exceeded, unless there are extenuating circumstances, the SIEN will be terminated and no longer be eligible to use casual seniority hours accrued.

5. Utilization and employment of SIENs shall not result in elimination or reduction of positions for all other classification of nurses, nor result in the reduction of the availability of additional available shifts, or a reduction in the hours that would otherwise be available for any other classification of nurses. In the event that there is a permanent increase or decrease to the nursing complement or there is a change to the master rotation on a unit where the SIEN is utilized, the Employer will advise the Union of such change.

38. Re: Internationally Educated Nurse/Nurse Re-Entry/Refresher Program- Undergraduate Nursing Employee (IEN/NREP-UNE)

WHEREAS Internationally educated nurses, and nationally educated/trained nurses who are in the process of reentering the workplace, have met a certain level of competencies as confirmed through the completion of the Clinical Competence Assessment and are on the pathway to becoming Registered Nurses with the College of Registered Nurses of Manitoba (CRNM), are deemed to be considered equivalent to having completed an appropriate amount of the curriculum and clinical experience of a nursing student, are a valuable resource to support the existing collaborative health care team to provide patient centered care within the health care system;

AND WHEREAS the parties have, by agreement, expanded upon the Undergraduate Nursing Employee classification and created an additional sub-classification of Undergraduate Nursing Employee for those internationally educated nurses and nationally educated/trained nurses who are reentering the workplace as undergraduate nurses in order to provide the same opportunity for additional orientation, training and support in the workplace that has been afforded to the current Undergraduate Nursing Employees,

AND WHEREAS these undergraduate nurses are included in the bargaining unit, and will have the opportunity to utilize rights in the Collective Agreement to apply for nursing positions as an internal candidate;

AND WHEREAS the intention of this Memorandum is to support recruitment and retention efforts within the Province of Manitoba, not to affect the hours or positions of nurses in other classifications;

NOW THEREFORE the parties agreed and created a new variation of the Undergraduate Nursing Employee (UNE) hereby referred to as Internationally Educated Nurse/Nurse Re-Entry Program- Undergraduate Nursing Employee (IEN/NREP- UNE), as follows:

1. The UNE classification will be adjusted to include a sub-classification called IEN/NREP-UNE.
2. The IEN/NREP- UNE will be an internationally educated nurse who is on the pathway to becoming a Registered Nurse with the CRNM, or is a nationally educated nurse who is on the pathway to becoming a Registered Nurse with CRNM via the Nurse Re-Entry Program currently offered by Red River College or Refresher Program offered for the RPN. The internationally educated nurse must provide the Employer their Clinical Competence Assessment results and proof of enrollment to the relevant Nurse Re-Entry or Refresher Program. The Clinical

Competence Assessment provides the Employer the baseline assessment of clinical competence and areas of focus for support and development in order to address those competency gaps. Enrollment in the Nurse Re-Entry or Refresher program assures the employer that any knowledge gaps will be addressed by the relevant educational programs.

3. The IEN/NREP- UNE position provides an opportunity for the IEN/NREP undergraduate nurse to consolidate the knowledge and skill acquired in their nursing education program towards competency in the range and complexity of RN or RPN practice. The IEN/NREP UNE is an unregulated member of the collaborative health care team who provides patient centered care under the supervision of the RN or RPN.
4. The IEN/NREP- UNE may be hired into a casual, part-time or full- time position. The terms and conditions of the MNU Collective Agreement shall apply as a whole with the following exceptions:
 - a. Where an IEN/NREP- UNE has been hired as casual, all regular hours accrued while working in this casual position will be credited towards seniority and increment hours when such nurse acquires a part- or full-time position as a Graduate or Registered Nurse or as a Graduate Psychiatric Nurse or Registered Psychiatric Nurse.
5. All regular hours accrued while working in the casual IEN/NREP-UNE position will be credited towards seniority and increment hours when such nurse acquires a part time or full time position as a Graduate Nurse or Registered Nurse or Graduate Psychiatric Nurses or Graduate Psychiatric Nurse.
6. The parties recognize that there may be a gap in time between when the IEN/NREP-UNE is officially graduated and when they write the NCLEX in order to become a Registered Nurse. The parties agree that in recognition of the potential gap in time the IEN/NREP-UNE will be able to maintain their casual seniority for a period of one hundred twenty (120) days post graduation during the period of time they are waiting to write the NCLEX. This allows the IEN/NREP-UNE to utilize such seniority for the purposes of vacancy selection in accordance with the Collective Agreement.

In the event one hundred twenty (120) days are exceeded, unless there are extenuating circumstances, the IEN/NREP-UNE will be terminated and no longer be eligible to use casual seniority hours accrued.

7. Utilization and employment of IEN/NREP- UNEs shall not result in elimination or reduction of positions for all other classification of nurses, nor result in the reduction of the availability of additional available shifts, or a reduction in the hours that would otherwise be available for any other classification of nurses. The parties shall discuss the ongoing role of the IEN/NREP- UNE at the applicable Nursing Advisory Committee (NAC) meeting and address issues raised by the parties to ensure the successful implementation of this classification. In the event

that there is a permanent increase or decrease to the nursing complement or there is a change to the master rotation on a unit where the IEN/NREP-UNE is utilized, the Employer will advise the Union of such change.

39. Re: Nursing Recruitment and Retention Fund (NRRF)

The Nursing Recruitment and Retention Fund (NRRF) was established to assist with the recruitment and retention of nurses in Manitoba in 1999. In January 2024, NRRF was transitioned from the NRRF Committee to the Patient Care Optimization Committee (PCOC).

WHEREAS NRRF fund eligibility includes nurses represented by MNU, MGEU, MAHCP and out of scope nurses in management positions. The fund has been administered by the Health Care Providers Network with an annual allocation of three point two (3.2) million dollars (\$3,200,000).

AND WHEREAS the April 1, 2017 to March 31, 2024 ratified Collective Agreement with the Manitoba Nurses Union, includes an MOU Re: Patient Care Optimization Committee (PCOC) with an annual allocation of four (4) million dollars (\$4,000,000) to be utilized on improving retention and recruitment of nurses and incentives for education and /or training with the intention that the existing NRRF/Committee would be eliminated and a new structure created, that being PCOC.

NOW THEREFORE the parties agree as follows:

1. Any former NRRF grants will be brought forward to PCOC for consideration. PCOC will then determine which initiatives it will agree to fund based on:
 - a. Improve recruitment and retention
 - b. Incentivize training or education

The PCOC will also be responsible to:

- a. Establish and maintain effective policies for application of recruitment, retention, training or educational initiatives.
 - b. Ensure consistency of application.
2. Workplace Planning (Retention & Employee Development) will administer the fund and approve applications as per established PCOC policies.
3. PHLRS will provide quarterly financial updates to the PCOC.
4. The four (4) million dollars (\$4,000,000) as outlined in the MNU Collective Agreement Article 1107 is allocated specifically for those nurses represented by the Employer Organizations.

5. Those nurses not represented within the existing Employer Organization structure as outlined in the Collective Agreements between MNU and the various Employer Organizations (commonly known as “Central Table”) will continue to be eligible for NRRF grants, however the grants will be administered through PCOC and issued payment with an invoicing mechanism for PCOC to recover said payment(s).
6. Any funds dispersed under item #5 will be reimbursed to PCOC by PHLRS within sixty (60) days where reasonably possible, but in no case later than ninety (90) days, from the date of issuance of payment from PCOC funds.

40. Re: PIO Incentive Full-Time Weekend Worker Nurses

Where a nurse has been hired into a Full-Time Weekend Worker position, as per the incentive memorandum, prior to July 8, 2024, they shall maintain the 15% greater Weekend Worker pay scale for as long as they remain in the existing Full-Time Weekend Worker position. Where a nurse has been hired into a Full-Time Weekend Worker position on or after July 8, 2024, the 10% greater pay scale shall apply rather than the 15% greater pay scale. The Employer shall not delete any such positions for the purposes of reducing the compensation provided the existing present incumbent only (PIO) Full-Time Weekend Worker nurses.

41. Standardizing of Offering of additional Available Shifts and Overtime

The parties agree to establish a joint committee to standardize practices across all EOs for the offering of additional available shifts and overtime for all Employers within each EO. The committee shall be comprised of equal representation from each party and shall meet within fifteen (15) business days of the ratification of this agreement and as often as necessary thereafter to have clear and established guidelines in place well in advance of April 1, 2025. The established guidelines, determined by mutual agreement, shall be incorporated as an MOU into the Collective Agreement. The terms and conditions as mutually agreed between the parties and determined in the resultant MOU shall replace the MOUs re: Application of Overtime and Additional Available Shifts and re: Article 1601. It is agreed that current Employer practices of offering overtime and additional available shifts at a site level will be maintained until the parties have confirmed a new process and an agreed upon date of implementation.

42. Classification Discussion

The Union and Employer agree that they shall establish a committee of no more than six (6) appointees, composed of equal representation from MNU and PHLRS (or designate). The committee shall be tasked to review the current classifications for the following categories of nurses:

Primary Care Nurses – Winnipeg Region.

URIS nurses – Winnipeg, Southern, Interlake and Shared Health Regions.

RAAM nurses – Winnipeg Region & Shared Health.

Regional/ Provincial Coordinators

The review will be based upon the following guidelines:

- a) No nurses, or category of nurses, will suffer a reduction in classification as a result of the review.
- b) The review will take into consideration the responsibilities of the position, along with the educational and experiential requirements.
- c) Where the parties do not agree, nothing herein prevents the Union from exercising any all rights afforded as per the provisions of the Collective Agreement.

The committee shall meet no later than ninety (90) days after ratification of this agreement.

43. Joint Nurses' Safety Working Group

Safety of nurses is a priority shared by the Manitoba Nurses Union, Healthcare Employers and the Manitoba Government. Employers agree that they have an obligation to ensure as far as reasonably practicable to protect the safety, health and welfare of nurses.

1. The parties have agreed to the establishment of a Joint Nurses' Safety Working Group. This Working Group will function under the administration of the Joint Nursing Council to review physical and psychological health and safety concerns of nurses and bring forward recommendations to the Joint Nursing Council.
2. The Joint Nurses' Safety Working Group will consist of equal number of representatives (three (3) from MNU, three (3) from the Employer) from the Employer Organizations and the Union with the following representatives:
 - (a) Manitoba Nurses' Union
 - (b) Shared Health Provincial Lead Protective Services
 - (c) PHLRS (or designate) Employer Organizations
3. The Joint Nurses' Safety Working Group meetings:

- (a) will be co-chaired by an Employer Representative and a Union Representative.
 - (b) Meet at such times as it may determine with a minimum of quarterly meetings.
 - (c) Meetings will commence within sixty (60) days of ratification of the MNU Collective Agreement
4. The Joint Nurses' Safety Working Group priorities will be to:
 - (a) Recommend safety policy changes
 - (b) Recommend initiatives to promote a positive safety culture and nurses' well-being
 - (c) Recommend safety measures for implementation
5. The Joint Nurses' Safety Working Group will submit recommendations to the Joint Nursing Council within a six (6) month period of their first meeting.
6. The Joint Nurses' Safety Working Group may be discontinued upon mutual written agreement of the Parties (PHLRS on behalf of the Employer Organizations and MNU).
7. The Joint Nurses' Safety Working Group shall endeavor to:
 - a. Identify and address significant safety and health issues experienced by nurses and;
 - b. Encourage free and frank discussion between Employers and the Manitoba Nurses' Union, all of safety and health concerns with a view to reaching effective resolutions.
8. Nothing herein limits or restricts in any way whatsoever the rights of the Union to pursue any health or safety matter under its jurisdiction nor requires the Union to submit concerns to this committee prior to exercising those rights.
9. Should the Union be dissatisfied or disagree with the response of, recommendation, or action taken by the committee or the Employer(s), the Union may, at its discretion as per the grievance arbitration procedures outlined in the Collective Agreement, file a grievance at Step II of the grievance procedure. Should a satisfactory resolve not be obtained, the parties agree to refer the matter(s) to expedited arbitration and the arbitrator assigned shall be on a rotation basis (based on reasonable availability) among the following list:
 - Arnie Peltz
 - Kristin L. Gibson
 - Helen Krahn

44. Re: Funding of Online Workload Staffing Report System

Whereas the parties agree that staffing shortages and excessive workload have a significant detrimental impact upon the retention and recruitment of nurses;

And whereas the MNU, in cooperation with the Employer, has commenced establishment of an online Workload Staffing Report (WSR) system;

And whereas the timely and accurate collection of occurrences and information regarding staffing shortages is crucial to discussion around the establishment of Nurse Patient Ratios (NPRs);

And whereas the parties are participating in a committee (the Sub-Committee) tasked to make recommendations to the Minister of Health surrounding NPRs;

And whereas the work of such committee may from time to time require participation from nurses employed within an Employer's Organization (EO) comprising Central Table Employers.

The parties therefore agree as follows:

1. In order to ensure the continued smooth operation and successful transition of all EOs to an online WSR system, commencing December 1st, 2024, the Employer shall provide to the Union the sum of sixty-two thousand, five hundred dollars (\$62,500) on December 1st of each year for (4) four years, for a total of two hundred fifty thousand dollars (\$250,000).
2. The purpose of the aforementioned payment is to facilitate the expansion of the analysis parameters of the system in order to provide the scope of data necessary in the preparation of Nurse to Patient Ratios (NPR) recommendations as well as to promote meaningful discussions between the parties in a solution oriented manner.
3. Any nurse employed within an EO party to this agreement, called to the committee by either or both of the parties to participate or provide information to the Sub-Committee shall do so without loss of pay or benefits (such to be funded by the Employer). Reasonable expenses incurred will be reimbursed by the Employer upon unanimous approval of the Sub-Committee.

45. Re: Transition of Incentives

With respect to the current Full time Incentive as per the Memorandum of Understanding Supplementary to the Collective Agreements (dated November 9th, 2022), the Memorandum of Understanding Supplementary to the Collective Agreements & Addendum to Memorandum of Understanding Supplementary to the Collective

Agreement (dated December 7th, 2022), and Addendum #2 to Memoranda Of Understanding With Respect To Recruitment And Retention Incentives for Nurses (dated March 30th, 2023), hereinafter referred to as the “Previous Incentive MOUs”.

The parties agree that, unless otherwise specified by agreement between the parties, the Previous Incentive MOUs will be discontinued and no longer in effect as of April 1st, 2025, subject to the following conditions:

1. Where a nurse has signed a Return of Service Agreement (ROSA) for the Full-Time Hours Salary Enhancement, which extends the eligibility and qualification period beyond April 1st, 2025 and;
 - a. The nurse is eligible for the new Full Time Incentive as of April 1st, 2025, the amount of the previous incentive shall be prorated for payment as of March 31st, 2025, and the nurse shall then, as of April 1st, 2025 commence qualification for the new Full-Time Hours Salary Enhancement for the period for which the nurse occupies a full time position.

or:

 - b. Where the Nurse does not occupy a classification for which the new Full-Time Hours Salary Enhancement applies, the terms and conditions of the former incentive shall be honoured for the duration set out in the ROSA.

2. Where a nurse has signed a ROSA with respect to the provision of the Recruitment/Retention incentive, which extends the eligibility period beyond March 31st, 2025, the incentive will be honoured as per the terms and conditions for the period set out in the ROSA.

46. Re: Nurse Practitioners and Most Responsible Provider

Whereas Nurse Practitioners (NPs) are regulated health professionals with an independent scope of practice defined by The Regulated Health Professions Act,

Whereas the Employer is committed to enabling NPs in the bargaining unit to work to their full scope of practice within the context of an integrated provincial health system while respecting the jurisdictional aspect of the Collective Agreement governing them.

It is agreed that should the Employer intend to introduce amendments to the current scope of duties of NPs in the bargaining unit (including, but not limited to, Most Responsible Provider) following the ratification of the current Collective Agreement then the Employer shall initiate formal discussions with the Manitoba Nurses Union (MNU) a minimum of ninety (90) days prior to the introduction of such amendments. Such discussions to include review of NP compensation.

Nothing herein limits, restricts or otherwise abrogates any rights afforded to MNU under the Collective Agreement, including but not limited to Article 3807.

47. Re: Reduction of EFT

Where a nurse is in receipt of pension benefits and/or has achieved Rule of 80 or is otherwise eligible to retire in accordance with their respective pension plan without early retirement penalty and has indicated an intention to consider retirement, the following shall apply:

- (a) The nurse shall communicate in writing to the Employer that they qualify as per the conditions outlined above and are considering retirement and;
- (b) The nurse currently holds a 0.7 EFT or greater and rather than retire or take a casual position, wishes to reduce their EFT.

The Employer shall where reasonably practicable make the necessary adjustments to accommodate the request of the nurse. Such requests shall be considered in order of seniority amongst eligible nurses.

48. Re: CRN-Charge Nurse

Where there is a CRN/Charge Nurse vacancy the Employer shall first post the position as requiring a RPN and/or RN, as the case may be. If after the required posting period (per the Collective Agreement) there are no qualified RPN and/or RN applicants, the position may be reposted as a CRN/Charge Nurse position for LPN applicants. In the event there are no LPN applicants, the position may be reposted as a RPN and/or RN position as the case may be. Where a CRN/Charge Nurse position has been filled by a LPN and the incumbent LPN leaves the position, such that it becomes vacant, the position shall first be reposted as a RPN and/or RN position.

49. Reconnection of Seniority

A nurse who returns to employment from retirement or resignation (not currently holding a position with any Employer listed in Appendix D of the Collective Agreement), who has resigned or retired as of January 1, 2018 or later and agrees to resume employment in a position for a two (2) year commitment (ROSA required) at a minimum of a 0.4 EFT, they will be eligible to have their past seniority reinstated for the purposes of:

1. receiving their previous step on scale
2. receiving seniority for vacancies as if maintained continuous employment

3. receiving their vacation accrual rate at the time of retirement or resignation
4. ability to use seniority for vacation selection purposes.

If a nurse who has retired/resigned agrees to return to employment at a minimum of a 0.4 EFT but does not agree to return for a two (2) year commitment, they will be eligible for 1. 2. and 3. above only. They will not be entitled to utilize previous seniority for vacation selection purposes. For vacation selection purposes, the seniority utilized will be from their new hire date.

If a retired/resigned nurse agrees to resume employment in a position for a 2-year commitment (ROSA required) at a minimum of a 0.4 EFT, they will be eligible to receive 1., 2., 3, and 4. above.

If a nurse returns to a position eligible to reinstate seniority from a previous position, that is the same classification as the position they retired or resigned from, the nurse would be placed on the greater of;

- (a) same step on the salary scale they were at as at the date of retirement/resignation or
- (b) the step corresponding to previous nursing hours in accordance with Article 38. If the nurse returns to an eligible position that is a different classification, the provisions of the Collective Agreement with respect to promotion or other applicable provision would apply in determining their placement on scale, however it is understood that no nurse moving from a casual to an eligible position would be placed at a step with lesser compensation than provided in the casual position.

If a retired nurse already received their pre-retirement leave at the time of their retirement, their new hire date is the starting point for eligibility in accordance with the Collective Agreement. For clarity, the nurse's new hire date, unless otherwise specified herein, is the starting point for all other benefit eligibility.

For clarity, reconnection of seniority and service from one previous position can only be applied to one receiving position.

If a nurse, previously resigned or retired from a full time or part time position, as of January 1, 2018, or later, returned to casual status (with any eligible Employer), wishes to reconnect their previous seniority and service accrued under their former EFT (prior to retirement/resignation), they shall be eligible to do so, provided they meet all other criteria as described above.

This Memorandum of Understanding will continue for the duration of this Collective Agreement (April 1, 2024 to March 31, 2028). For further clarity, this MOU will expire upon ratification of the next Collective Agreement.

50. Re: HEB Re-Opener

WHEREAS, the parties agree;

That the wellness of nurses is a priority.

THEREFORE, the parties agree to explore, during the life of this Collective Agreement, the possibility of Extended Health benefits reopener for nurses currently not having access to such benefits.

It is understood that the exploration of the aforementioned options shall not constitute a commitment on the part of the Employer to implement such options following the completion of the exploration initiative.

51. Re: Inter-facility Position(s)

Applicable within and between the Employers and Sites in the SHEO and WCHREO, excluding Churchill Health Centre site, Eden Mental Health Centre site and any sites outside the City of Winnipeg.

Whereas, periodically it may be appropriate to create positions higher than a Nurse II which fall under the scope of this Collective Agreement which are inter-facility in nature; and

Whereas, the creation of inter-facility position(s) may include the existence of separate Collective Agreements;

The parties agree as follows:

1. Where an inter-facility position(s) is contemplated, the Employers commit to contacting MNU and the respective Worksite(s). The affected parties shall meet to discuss the specifics of the situation, in keeping with the principles as outlined in the Memorandum.
2. Should there not be mutual agreement between the affected parties, the inter-facility position(s) will not be posted as an inter-facility position(s).
3. In the event there is mutual agreement on a specific inter-facility position(s), such agreement shall be set out in a separate Memorandum of Understanding between the affected parties.
4. The positions contemplated in this memorandum will be either:
 - (i) a position(s) shared between two (2) or more Employers;
 - (ii) a position primarily located at one (1) site but requiring the performance of duties at each of the facilities/sites/programs.

5. The position(s) shall be posted in accordance with the respective Collective Agreement of both parties.
6. (a) For those position(s) outlined in 4 (i) above, all applicants from each of the facilities/sites/programs will be considered and shall be treated as internal candidates. Mobility seniority will be the seniority utilized for the purpose of selection into the shared position(s). An internal applicant awarded the position(s) will remain an employee of their current Employer.

(a) Those positions outlined in 4 (ii) above shall be awarded in accordance with the Collective Agreement of the facility/site/program where the position is primarily located.
7. The affected parties will determine and commit to writing, in the separate memorandum, which facility/site/program will be considered the Employer of record, in the event the successful applicant is external to the facilities/sites/programs.
8. The successful applicant(s) will be required to comply with the policies and procedures of each facility/site/program in which they will practice. Resolution of professional practice and/or any other disputes arising under the Collective Agreement shall be the responsibility of the Employer of record.
9. To cover the cost of parking at each facility, one deduction from the nurse's pay cheque will be made by the Employer of record. A reciprocal pass will be provided, if possible. Additional parking costs shall be reimbursed or at the expense of the Employer.

52. Re: Nurses in Inter-facility Positions

The Employer and the Union agree they will work together to identify nurses who are currently in inter-facility positions. Memorandum(s) [as referenced in #7 of the Memo Re: Inter-facility Position(s)] will be developed to cover these nurses and the conditions that apply.

Re: Job Sharing

(Applicable for Manitoba Adolescent Treatment Centre and Eden Mental Health Centre)

MOU Re: Job Sharing

1. When a full-time position is posted, two (2) nurses may apply to equally share that position. Both nurses sharing the position shall be given part-time employment status and shall earn benefits as provided for in the Collective Agreement.
2. The decision to allow two (2) nurses to split a full-time position rests solely with Management who will consider the needs of the area.
3. When one (1) nurse in a job share is authorized to be away from work for any reason, the manager will meet with the other nurse to determine the extent to which they can cover their partner's absence. This will not result in overtime without the authorization of the manager. Any shifts that the partner nurse is unable to work will be posted in accordance with the additional available shift guidelines.

If due to unforeseen circumstances, a job share nurse cannot cover in their partner's absence, the nurse must notify the nurse manager to arrange alternate coverage. Job share nurses are not required to cover for extended periods of absence, but will be offered an opportunity to do so.

For extended periods of absence (four (4) weeks or more) the nurse partner is under no obligation to fill absent nurse's shifts. If the nurse partner is unable to cover the extended absence, the vacant shifts will be offered as additional available shifts or as a term position.

4. In the event that one (1) of the nurses sharing a full-time position resigns, and the management decision is to allow this position to remain a shared position, the position will be posted as full-time with the following wording noted on the job posting:

"This full-time position is currently being filled by two (2) nurses working permanent part-time. The remaining nurse wishes to continue working their half of the rotation and they will be allowed to do so if another nurse is willing to work the other half of the

rotation. If you wish to apply for the other half of this rotation, please apply in the normal manner stating same."

5. Providing there is another nurse willing to share the full-time rotation, the remaining nurse will be maintained in the shared position.
6. If the management decision is to no longer allow this position to remain as a shared position, or if no nurse is willing to share the rotation with the remaining nurse, the posted position will be offered to the remaining nurse as full-time and will be granted to them if they wish to change from part-time to full-time.
7. If the remaining nurse refuses to accept the position on a full-time basis, the position may be offered as full-time to the most suitable applicant for the full-time job posting.
8. The remaining nurse will then be offered any part-time position that is currently vacant, and if none is available they shall be dealt with in accordance with Article 2708.

Applicable for Crisis Response Services
Re: Article 1504 (d)

It is agreed between the parties that for nurses employed within the Crisis Response Services site of the Shared Health (Direct Operations) Employer, the below provisions from the former WRHA Community Programs/MGEU Local 220 Collective Agreement shall continue to apply for the purposes of MNU Article 1504 (d), and these provisions will be referred to the Standardization Committee:

48:03 Days of Work

This provision shall only apply to employees hired before October 11, 2011 except as noted below: This provision will not apply to employees who apply for (and are successful in obtaining) positions posted stating evening, night and/or weekend work, and subsequent letters of offer clearly state the requirement for evening, night and/or weekend work.

Re: Manitoba Nurses' Union Process for Unfilled Positions

1. Vacancies will be posted as per the Collective Agreement. The posting will include the following statement:

"If there are no applicants meeting the posted qualifications, the Employer MAY CONSIDER an applicant who does not meet the posted qualifications."
2. Positions remaining unfilled following one (1) posting will be listed on an "Unfilled Position List" (List). The List will be posted on the posting board. Positions on this List will be available on a first come, first served, basis. Any inquiry into a position on the List initiates discussion on that position. No further inquiries/applications on the position will be considered until the original inquiry has been completed. Applications/inquiries will continue to be received until the original application has been finalized. Anyone initiating discussion on a position must have an application for the position filled out and submitted. The Human Resources Services will confirm with the relevant Manager whether any discussions are underway. If an inquiry is under discussion, the nurse making the subsequent inquiry will be informed of this along with the expected decision date, which shall not exceed four (4) weeks, the nurse will have the opportunity to have their inquiry/application considered for other position(s) that remain unfilled.
3. If a position is removed from the Unfilled Position List for any reason, for more than two (2) weeks, it will be reposted as per the Collective Agreement. In order to award a position, it must either be posted as per Article 30 or be on the Unfilled Position List. A position will not be filled in any other manner except where the Union has agreed to waive a posting for the purposes of accommodation or grievance resolution. Positions which have been awarded from the Unfilled Position List and subsequently declined will be reposted pursuant to Article 30.
4. If an applicant is interested in an EFT different than what was posted, and the Employer can accommodate the request (i.e. .5 + .2 reconfigured to a .7) the reconfigured position is a new vacancy and must be posted as per the Collective Agreement. If unfilled, the position will be processed as in #2 above.

5. In the event that the Employer is prepared to award an unfilled position to an applicant who does not meet the posted qualifications, preference shall be given to the internal applicant who applied for the position when it was initially posted. If there were more than two (2) internal applicants, the selection process will be followed should those nurses continue to be interested in the position.
6. Positions will not be placed on the Unfilled Positions List unless and until they have first been posted in accordance with #1 above.
7. The Unfilled Positions List will be updated weekly and a copy will be provided to the Union.
8. In the event a member of the management team is holding positions e.g. for potential rotation changes/amalgamation of positions; or to create new positions, etc., said information is to be e-mailed to Human Resources Officer responsible for the program area and the Worksite President and assigned MNU Labour Relations Officer.
9. The names of those nurses who are awarded positions from the Unfilled List will be forwarded to the Union in accordance with Article 3004.

Re: Application of Offering of Overtime and Additional Available Shifts

It is the desire of both parties to work together towards a process that enables the ability to offer overtime and additional available shifts across the sites comprising the Employer, however it is acknowledged and understood between the parties that the scheduling systems and departments that would provide for this to be operationalized are not yet in place.

It is agreed that during the life of this Agreement, the parties will meet to review the steps required to enable a process that would allow for offering of Overtime and Additional Available Shifts between the sites comprising the Shared Health Direct Operations. The Employer commits to making best efforts to implement the above process within two (2) years.

The current process of offering Overtime and Additional Available Shifts at a site level will be maintained until the parties have confirmed a new process and an agreed upon date of implementation.

Re: Secondment of a Health Sciences Centre Nurse Elected to Serve as President of the Worksite 10

The Employer and the Union agree each with the other as follows:

1. A nurse employed by the Employer who is elected to the full-time position of President of the Union, shall be considered as continuing in the employ of the Employer during the nurse's term of office as President of the Union and shall be considered to be seconded to the Union during the term of office. It is understood that the position vacated by the nurse seconded to the position of Union President shall be posted and maintained and/or replaced as an indefinite term.
2. For the purposes of administering the period of secondment, the Treasurer of the Union shall function as the official contact person in any dealings with the Employer. In addition the Treasurer of the Union shall be accountable for:
 - (i) notifying the Employer, in writing, of the official commencement and termination date of the President's term of office;
 - (ii) determining the bi-weekly payroll record of the President and notifying the Employer of same.

The Union shall save the Employer harmless from any claim from the President arising from alleged error(s) in the payroll record.

3. **Reimbursement of Employer Costs**

The Union shall assume the responsibility for reimbursing the Employer for total recovery of payroll and related costs associated with the President's term of office, as follows:

- (i) gross salary, including paid vacation, income protection and any other paid leave of absence authorized by the Treasurer;
- (ii) Employer portion of C.P.P.;
- (iii) Employer portion of E.I.;
- (iv) Workers Compensation premiums;
- (v) Payroll tax;

- (vi) Employer portion of Benefit Plan premiums (pension plan, group life insurance plan, dental plan);
- (vii) Pre-retirement leave.
- (xi) Employer portion of the Maternity Leave top up based on the number of hours that the nurse was paid at regular rate of pay in six (6) months prior to leave while seconded to the Worksite President or Vice President.

The Employer shall provide the Union Treasurer with a monthly statement of the above-referenced payroll expenses incurred during the nurse's period of secondment to President of the Union.

It is understood that the Employer shall reimburse the Union for all travel expenses, i.e. parking, mileage from the facility to the meeting site incurred by the President when attending Employer Organization NAC or Union Management meetings, NRRF, or any other regional/provincial joint committee meetings which the President is required or requested to attend.

4. Income Protection

- (i) The Union President will accumulate sick pay credits at the rate of one and one-quarter (1.25) days per month [one and one-half (1.5) days effective April 1, 2027] during the period of secondment. In the event that the Union President is absent during the secondment period due to accident or illness and the sick pay credits accumulated during the period of secondment are insufficient to cover full payment of sick leave, the Employer will pay the Union President out of sick leave credits accumulated prior to the secondment period and bill the costs to the Union, subject to paragraphs (ii) and (iii) below.
- (ii) Upon the nurse's return to work following the period of secondment the amount of income protection accumulated during the period of secondment will be reconciled against the amount of income protection utilized during this same period. In the event the difference is positive i.e. the amount accumulated is greater than the amount utilized, the nurse will be eligible to utilize the difference (unutilized income protection credits) at a future date. It is understood that utilization of these income protection credits may only occur once the nurse exhausts all income protection credits accumulated during their normal course of employment with the Employer.
- (iii) It is further understood that these income protection credits shall not be stored in the nurse's income protection bank within the computerized payroll system. Following the period of secondment

a record of these credits will be provided to the nurse along with a copy in the personnel file of the nurse. In the event and at the point that the nurse wishes to utilize these income protection credits they will advise the Human Resources Department. The Employer will pay said income protection and bill the Union for the cost.

5. Disability & Rehabilitation Plan (D & R)

The President will have coverage under the HEB Disability & Rehabilitation (D & R) Plan. During the D & R elimination period only unutilized income protection credits earned during the period of secondment will be paid.

6. Accumulation of Paid Vacation

The President will accumulate vacation credits on the same earning rate as they would have accumulated vacation credits had they not been seconded.

For the purposes of reconciliation, the Employer is financially responsible for the vacation earned by the nurse while they are engaged in their normal course of employment with the Employer; and the Union is financially responsible for the vacation earned by the nurse during the period of secondment.

8. Seniority/Service

- (i) Seniority shall continue to accrue during the period of secondment.
- (ii) Following the expiry of the period of secondment, the President's normal increment date will be delayed for a period of time equivalent to the period of secondment. The time worked between the date of the last increment to the date that the nurse assumed the office of President shall count toward the granting of the next increment.

Re: Local 220

WHEREAS the Health Sector Bargaining Unit Review Act (HSBURA) required a realignment of bargaining unit representation;

AND WHEREAS employees formerly represented by the Manitoba Government and General Employees' Union (MGEU) Local 220 were, subsequent to the representation votes under the HSBURA and the issuance of interim labour certificates, then represented by the Manitoba Nurses Union (MNU);

AND WHEREAS the MNU as bargaining agent conducted negotiations on behalf of the employees formerly represented under MGEU Local 220, at "central table" negotiations;

AND WHEREAS, at the time the former MGEU members transitioned to the MNU bargaining unit, the MGEU Local 220 Collective Agreement expired March 31st 2018, whereas all other Collective Agreements being negotiated at "central table" by MNU expired March 31st 2017;

AND WHEREAS Nurses classified as Community Health Services Specialists (case coordinators, hospital based case coordinators and pediatric case coordinators, or others as the case may be) under the MGEU Local 220 Collective Agreement received a general wage adjustment for the pay period April 1, 2017-March 31, 2018, but Nurses working in other classifications under the MGEU Local 220 Collective Agreement were to receive a wage adjustment effective April 2017 in accordance with the rates and effective dates established at MNU central table;

AND WHEREAS the Nurse classifications and wage rates under the MGEU Local 220 Collective Agreement are not uniformly aligned with the Nurse classifications under the Union's collective agreement and the interim labour certificate;

NOW THEREFORE the parties agree as follows as it applies to and Nurse who worked under the MGEU Local 220 Collective Agreement:

1. Should the parties be unable to reach agreement on which classification in the MNU central table agreement should apply to nurses who worked under the MGEU Local 220 Collective Agreement within 15 days of the signing of this Agreement or such longer period as the parties agree, the matter shall be referred to an arbitrator to make a binding determination on the nurse's appropriate classification.

2. Any increase in wage rate as a result of paragraph 1 shall be paid retroactively to the date that the Interim Bargaining Unit certificate was issued December 13, 2019. In the event a position is reclassified as a result of determination subject to paragraph 1, that results in a lower classification, with a lesser rate of pay, such will not result in any retroactive clawback, overpayment deduction, or other repayment, but shall only be applied proactively from the date of determination.
3. The general wage increase achieved at central table bargaining is applied retroactively (where indicated) to April 1, 2017, the retroactive increase shall apply to a nurse who worked under the MGEU Local 220 Agreement notwithstanding the March 31, 2018 expiry date of the former MGEU Local 220 Agreement
4. Notwithstanding paragraph 3, a nurse who received a general wage increase between April 1, 2017 and March 31, 2018 shall not receive an additional general wage increase for the same time period under the MNU central table agreement.
5. In no case will a nurse who worked under the MGEU Local 220 Agreement be subject to a "clawback", reduction or deduction in cases where the provisions of the MGEU Local 220 Agreement provided for superior benefit or compensation for the period from April 1st 2017 to March 31st 2018.
6. In all other instances the language of the current MNU collective agreement shall apply as of October 14, 2021, unless specifically indicated otherwise.

RE: FULL-TIME HOURS SALARY ENHANCEMENT– 2015 ANNUAL HOURS

PREAMBLE:

The Provincial Healthcare System continues to experience a long standing and severe nursing shortage. The parties recognize the critical role nurses play in the provision of patient care. The nursing shortage has caused unprecedented challenges on a variety of aspects of the health care system and nurses.

The parties further recognize that the aforementioned nursing shortage has also caused financial hardship to the health care system by virtue of excessive overtime, and agency expenditures that ought instead be invested in Manitoba's public healthcare system.

As a result, the Employers and the Union have agreed to jointly establish an initiative on a trial basis with the goal of reducing the nursing shortage through recruitment and retention initiatives, addressing the challenges of excessive overtime and agency use, and thus enhancing consistency and continuity of the quality patient care provided.

Therefore, a Full-Time Hours Salary Enhancement (herein after referred to as "The Salary Enhancement") has been created as a two (2) year pilot project beginning on April 1, 2025 and ending March 31, 2027.

A. INCENTIVE PARAMETERS:

1. Nurses holding a full-time EFT (1.0) shall be entitled to The Salary Enhancement based on the following parameters:
 - a) Full-time nurses must be employed in one of the following classifications: LPN, ORT I, ORT II Nurse II, Nurse III and CRN/Charge Nurse.
 - b) Eligible nurses will be paid in the form of a pensionable hourly premium of \$5.95 per hour for all hours paid at regular rates subject to paragraphs (f), (g) and (h) below.
 - c) The Salary Enhancement will be paid on the basis of the adjusted salary scales as listed in Schedule "A" for illustration purposes only.
 - d) The Salary Enhancement will not apply to overtime hours or overtime rates.
 - e) The Salary Enhancement applies to a nurse who occupies a Full-Time Weekend Worker position, within the classifications noted in a) above, who has an annual hours base of 1872.
 - f) The Salary Enhancement will apply to any full-time nurse for any period where the nurse is on an approved WCB claim during the eligible period.
 - g) The Salary Enhancement is not provided to any full-time nurse for any periods of unpaid leave.
 - h) Where a nurse is on a paid sick leave of four (4) weeks or less, The Salary Enhancement shall be applied. For clarity, where a nurse is on a paid sick leave of four (4) weeks or more, The Salary Enhancement shall be applied only to the first four (4) weeks of the leave.

2. Part time and/or casual nurses working up to the equivalent of a full time EFT shall be entitled to The Salary Enhancement based on the following parameters:
 - a) Part time and/or casual nurses must be employed in one of the following classifications: LPN, ORT I, ORT II Nurse II, Nurse III and CRN/Charge Nurse.
 - b) For part time and/or casual nurses working up to the equivalent of full-time hours, The Salary Enhancement will be paid in the form of a pensionable hourly Salary Enhancement of \$5.95 per hour for all hours paid at regular rates.
 - c) The Salary Enhancement will not apply to overtime hours or overtime rates.
 - d) Part time and/or casual nurses on an accepted WCB claim shall qualify for The Salary Enhancement, if prior to going on WCB they had worked sufficient hours to qualify for The Salary Enhancement in the preceding eight (8) weeks.

The reconciliation for such compensation will be at the end of each six (6) month period (April 1st to September 30th, or October 1st to March 31st as the case may be) within the fiscal year and is in the form of a retroactive salary adjustment.

- A nurse holds a part time or casual position:

- The assessment of full-time equivalency will be based on 2015 annual hours, however the annual period will be split and subsequently calculated over two (2) separate six (6) month periods, with each six (6) month period consisting of 1007.5 paid hours.
- The two (2) six-month periods are as follows:
 - April 1st to September 30th – 1007.5 hours with payment being made first off cycle pay in December.
 - October 1st to March 31st – 1007.5 hours with payment being made first off cycle pay in June.
- Part time Nurse (casual excluded) exceptions. The exceptions that are applied towards eligibility of The Salary Enhancement for a part-time nurse are as follows in each six (6) month period: *(reduces amount of The Salary Enhancement based on eligible paid hours but not eligibility)*
 - a) A nurse is on an approved unpaid leave of absence of four (4) weeks or less.
 - b) A nurse is on approved union leave of four (4) weeks or less.
 - c) The aforementioned leaves can be taken individually or in combination of up to a maximum of four (4) weeks in the eligibility period.
 - d) A nurse is on any period of approved WCB claim subject to 2 d) above.
 - e) A nurse who has not achieved sufficient qualifying hours may choose to utilize accrued banked overtime to top up eligible hours to a maximum of 38.75 hours. Such request shall be made in writing within two (2) pay periods prior to the eligibility period end. The requested hours will be paid straight time rates.
 - f) A nurse shall be granted an exception of up to 38.75 hours to supplement eligibility to achieve payment of The Salary Enhancement if unable to pick up additional shifts due to extenuating circumstances. Extenuating circumstances shall be given all reasonable consideration. The nurse shall make written application to the Employer to apply said hours two (2) weeks after the eligibility period end date.
 - g) A nurse shall be granted an exception of 50 hours to address stat time off equivalent to full-time nurses. The nurse shall make written application to the Employer to apply said hours at the end of, but no later than two (2) weeks after, the eligibility period end date.
 - h) Notwithstanding the above, the combination of exception hours as provided for in e), f), and g) shall not exceed a combined total of 110 hours.
 - i) A part-time nurse shall receive The Salary Enhancement for all hours in receipt of standby premium, provided that the standby premium hours and the hours worked results in the nurse qualifying for The Salary Enhancement (subject and in addition to the exceptions a)

through h) inclusive as listed above). Where a nurse is on standby on a day not scheduled for work (nonscheduled day), the nurse shall receive consideration as follows: the duration of the nurse's regular shift for each nonscheduled day on standby, less the number of hours for which the nurse received the Salary Enhancement for the standby premium during the biweekly pay period. The nurse shall make written application to the Employer to apply said hours at the end of, but no later than two (2) weeks after, the eligibility period end date.

Examples:

Example 1- Scheduled for Standby on both days of work, and during days not scheduled

- Scheduled for standby 6 days in a row (a block of on call), 3 of which are not scheduled days of work
 - Day 1- worked 8 hour day; scheduled for standby for 16 hours (Eve & Night) – paid 4 hours standby premium
 - Day 2- worked 8 hour day; scheduled for standby for 16 hours (Eve & Night) – paid 4 hours standby premium
 - Day 3- worked 8 hour day; scheduled for standby for 16 hours (Eve & Night) – paid 4 hours standby premium
 - Day 4- 24 hours on call – paid 6 hours standby premium
 - Day 5- 24 hours on call – paid 6 hours standby premium
 - Day 6- 24 hours on call – paid 6 hours standby premium
- Total of 30 hours standby premium
- Could have worked 8 regular paid hours on Day 4, 5, and 6 = 3 Days x 8 hours = 24 hours
- 24 regular paid hours could have worked minus 30 hours standby premium paid = additional 6 hours paid over the 24 hours they could have worked; no additional hours to be credited.

Example 2- Scheduled for Standby on day(s) not scheduled to work

- Scheduled for standby Saturday and Sunday = 24 hours each day
 - Saturday on call 24 hours = paid 6 hours standby premium
 - Sunday on call 24 hours = paid 6 hours standby premium
- Total of 12 hours standby premium paid
- Could have worked 8 regular paid hours on Saturday and Sunday for a total of 16 hours
- Paid 12 hours standby premium
- 16 regular paid hours could have been worked – 12 hours standby premium paid = 4 additional hours credited

Example 3- Scheduled for Standby immediately following a scheduled shift

- Scheduled regular Day 8 on Saturday and Sunday
- Standby for Evening 8 on Saturday and Sunday
- Saturday and Sunday Standby for 16 hours = paid 4 hours standby premium

- As nurse worked both Saturday and Sunday days followed by standby (i.e., standby was not on an unscheduled day); no additional standby hours credited. The nurse may make application to PHRSS to receive a report of the standby premiums paid to be applied to The Salary Enhancement no more than one (1) time per six (6) month qualifying period.

- j) Where a part time nurse who has worked or has been working sufficient hours to otherwise qualify for The Salary Enhancement and is allotted a period of vacation that has not accrued full time paid hours, the unpaid vacation period which reflects the shortage of hours would be eliminated from consideration for The Salary Enhancement and the remaining period of eligibility would be prorated to reflect the removal from consideration for the hours the nurse was short of full time paid hours, during the vacation period.

For example:

April 1-September 30

A .5 EFT nurse who did not earn any additional vacation pay in the previous year and works full time hours except for a 2-week period where they are on vacation. For those 2 weeks, they will be deemed to have worked full time however The Salary Enhancement eligibility threshold will be prorated as follows:

1007.5 less the shortage of hours in the vacation period ($77.5 \times .5$) $38.75 = 968.75$ hours

If the nurse achieves the 968.75 qualifying hours they would remain eligible for The Salary Enhancement, despite not achieving the 1007.5, however the amount of The Enhancement is prorated based upon \$5.95 on eligible hours paid.

The nurse shall make written application to the Employer to apply said hours at the end of, but no later than two (2) weeks after, the eligibility period end date.

The Employer will provide reasonable opportunity for the nurse to be aware of any shortfall in qualifying for The Salary Enhancement and any reasonable opportunity to make application to use the matters here in to qualify for The Salary Enhancement.

The eligible hours at regular rate of pay that are applied towards The Salary Enhancement can be worked at, or in combination within, any site/Employer within the nurse's Employer Organization (*Exception #1: Provincial Travel Nurse Team hours will count towards eligibility in conjunction with the nurse's home position. Exception #2: a nurse holding a Shared Health EO position in the geographic Winnipeg region may work in a WCHREO facility in the geographic Winnipeg region and such hours will count towards eligibility in conjunction with the nurse's home position. Exception #3: a nurse holding a WCHREO position in the Winnipeg geographic region may work in a SHEO facility in the geographic Winnipeg region and such hours will count towards eligibility in conjunction with the nurse's home position*).

B. OBLIGATIONS OF THE PARTIES:

Notwithstanding the Incentive Criteria in A. above, the parties agree in general to the following principle relating to the application of The Salary Enhancement:

UNION WILL AGREE:

- Eligibility for The Salary Enhancement is only for hours paid at regular rates (overtime hours do not apply towards eligibility for The Salary Enhancement), subject to the terms and conditions identified in this MOU.
- The Salary Enhancement will be for a two (2) year trial period commencing April 1, 2025 and ending March 31, 2027.
- Any part-time and/or casual nurse qualified to perform the work at a site within the nurses Employer Organization (EO) (*unless otherwise specified herein e.g. HSC/Winnipeg*) who is not in an overtime position and has indicated in writing a desire to work an available shift, in order to qualify for the full-time incentive, shall have preference over the Employer scheduling any nurse at overtime rates whether the nurse is at the site or not.
- Where the Employer reassigns or temporarily transfers a part-time nurse, beyond the nurses regular EFT, they shall have the option to choose whether or not the hours accrued for the reassignment/transfer shall be eligible either for the reassignment/transfer premium or count towards eligibility for the full-time Salary Enhancement. If nurses choose to have the hours count towards eligibility for the full-time Salary Enhancement, the nurse must make that declaration in writing, the reassignment premium shall not be payable.
- Hours paid at regular rates include: vacation, income protection of less than four (4) weeks, and all other paid leaves approved by the Employer.
- For a nurse who holds a 1.0 EFT they shall still qualify for The Salary Enhancement if the nurse is on an unpaid leave of absence of less than four (4) weeks.
- Part-time and/or casual nurses off on WCB who would otherwise qualify for The Salary Enhancement by virtue of established EFT or previous established pattern of working sufficient, hours in the previous eight (8) weeks, to qualify on a consistent basis are eligible for qualification to the full-time Salary Enhancement.
- For the duration this full-time Salary Enhancement is in effect, income protection may not be utilized for shifts paid at overtime rates. For clarity, income protection can be utilized when a nurse is unable to attend work for a shift (or portions thereof) paid at regular rates or scheduled at regular rates of pay.

EMPLOYER WILL AGREE:

- Employer will establish a mechanism that allows for nurses to readily view and apply for all available shifts at any site/Employer within their Employer Organization (exception HSC/Winnipeg). This principle also applies to nurses in the Provincial Travel Nurse Team.
- The Employer will provide to the Union:
 - Agency hours and agency costs for the fiscal year 2023/24
 - Overtime hours and overtime cost for the fiscal years 2023/24
 - Total vacant positions (broken down by EFT for the qualifying classifications) as of an agreed to date
 - Most current vacancy rates for the qualifying classifications available as of an agreed to date.
 - Total vacant positions (broken down by EFT) as of March 31, 2025, March 31, 2026, March 31, 2027.
- The Employer and Union agree the information as contained in Schedule “B” is accurate.
- The Employer commencing fiscal year April 1, 2025 will provide quarterly reports to the Joint Nursing Council sub-committee. The following information will be provided:
 - Agency hours and agency cost;
 - Overtime hours and overtime cost (including a break out total of mandatory overtime);
 - Nurse vacancy rates;
 - Count of all vacant positions;
 - Net increase or decrease of EFTs (upon request the Union shall be provided specifics for a particular Employer site or unit within the EO);
 - Frequency and volume of reassignment;
 - Cost of implementation of the incentive vs. cost saved from reduction of agency and overtime.
 - Any information reasonably necessary to determine the efficacy of The Incentive in reducing overtime, agency usage and/or vacancy rates.
- The Salary Enhancement shall be applied to all hours paid at regular rates of pay for qualifying nurses beginning on April 1, 2025.
- Wherever reasonably possible, the Employer will provide the greatest opportunity for nurses to access The Salary Enhancement. For clarity, the Union retains the ability to grieve the reasonability of disqualification of a nurse from The Salary Enhancement due to an Employer imposed change.

C. MONITORING PARAMATERS FOR THE PILOT PROJECT:

THE PARTIES AGREE:

- The pilot project will be monitored quarterly by the Joint Nursing Council or designated sub-committee which will also include a representative of the Manitoba Government.
- The designated subcommittee shall consist of equal representation from each of the parties, three (3) from the Union and three (3) from the Employer/Government.
- All administrative systems and associated scheduling guidelines, allowing nurses maximal access to available shifts within their EO (exception HSC/Winnipeg) related to the project along with required orientation shall be implemented no later than April 1, 2025. (Initial Scheduling Guidelines in Schedule “C”)
- The committee shall continue to monitor the efficacy of The Salary Enhancement with regards to mitigating the challenges associated with the nursing shortage, reducing overtime and/or agency use.
- Modifications of the previously stated eligibility parameters may occur as a result of the impact on the above noted set of baseline data provided that such modifications are mutually agreed upon between the parties. Should The Salary Enhancement not achieve a measurable improvement confirmed via the set of baseline data above, the parties shall meet to consider, modification or revision of The Salary Enhancement and implement any necessary changes to better ensure effective alignment with the purposes of The Salary Enhancement. Any changes prior to the expiry of the trial period require mutual agreement of the parties.
- The Salary Enhancement may only be discontinued after the trial period, if it proves to be ineffective in reducing overtime and/or agency use to a significant degree.
- If after the trial period, The Salary Enhancement is discontinued, the Employer agrees that it shall meet promptly with the Union to collaborate and develop alternative and meaningful enhancements that shall significantly and tangibly:
 - (i) improve the retention and recruitment of nurses; and/or
 - (ii) reduce or eliminate agency nurse use and/or excessive overtime; and/or address new challenge(s) that have arisen within the Healthcare Sector
- Where one party intends to assert The Salary Enhancement ought to be discontinued, they shall provide notice in writing to the other party no later than ninety (90) days prior to the expiry of the trial period. The parties shall meet no later than ten (10) days after such notice is provided, and thereafter as often as required in order to establish a new enhancement prior to the expiry of this incentive,

LETTER OF AGREEMENT

Between the

Government of Manitoba

And

**Provincial Health Labour Relations Service (“the Employer”)
(ON BEHALF OF THE EMPLOYERS IN SHARED HEALTH, WINNIPEG-CHURCHILL
HEALTH REGION, NORTHERN HEALTH REGION, PRAIRIE MOUNTAIN HEALTH
REGION, SOUTHERN HEALTH-SANTÉ SUD HEALTH REGION AND INTERLAKE-
EASTERN HEALTH REGION EMPLOYERS ORGANIZATIONS)**

And

Manitoba Nurses’ Union (“the Union”)

RE: SUB-COMMITTEE ON NURSE PATIENT RATIOS

WHEREAS the Government, the Manitoba Nurses’ Union and the Provincial Health Labour Relations Services (PHLRS) on behalf of Employer Organizations party to central bargaining, hereinafter referred to collectively as “the Parties”, acknowledge their respective commitments to quality health care and patient safety, and agree that Nurses play a pivotal role in the quality of the health care system;

AND WHEREAS the Parties are committed to establishing minimum Nurse Patient Ratios (“NPRs”) as part of team-based care, hospital-based care, long term and residential care, and community and non-hospital care (collectively, “the identified areas of patient care”);

NOW THEREFORE THE PARTIES AGREE THAT:

The Parties shall work collaboratively to develop NPRs. The development of such NPRs shall be assigned to a Sub-Committee as follows:

13. Within three (3) months sixty (60) days of the Union and the Employer ratifying a Collective Agreement, a Sub-Committee, falling under the umbrella of the Joint Nursing Council (JNC), will be formed consisting of Government of Manitoba representatives and an equal number of both Union and Employer representatives.
14. The Sub-Committee will be charged with the responsibility of defining a “Made in Manitoba” approach for the establishment of NPRs that factor in the uniqueness of Manitoba and the population served. However, the Sub-Committee should exercise due and reasonable diligence in considering related actions and nurse patient ratio

recommendations that are acted upon in other jurisdictions which provide health care to a similar standard of that which exists in Manitoba.

15. The Government of Manitoba will provide funding to ensure adequate administrative support is provided to the Sub-Committee, and to engage a Research Project Coordinator to facilitate and support the Sub-Committee.
16. The Sub-Committee will make recommendations for appropriate NPRs by considering the overall skills mix of staff providing patient care on a unit, the complexity of care, acuity of care, nurse expertise, multi-disciplinary team supports, safety and physical layout.
17. The Sub-Committee will use continuous improvement methodology in the development of recommendations for a “Made in Manitoba” approach to NPRs.
18. The Sub-Committee will determine evaluation metrics and indicators to be utilized to measure outcomes.
7. The Sub-Committee will develop a plan of priority areas of focus no later than January 1st, 2025.
8. The Sub-Committee will be charged to develop a process that promotes selection of positions rather than the deletion of positions, should rotation changes be required to meet the objectives of the Sub-Committee.
9. The Sub-Committee will provide their agreed upon recommendations with respect to NPRs to the Minister of Health, Seniors and Long Term Care (“the Minister”) no later than May 1st 2026 January 1st, 2026, unless otherwise mutually agreed to extend the date to no later than March 1st, 2026.

The Minister will review and consider the recommendations from the Sub-Committee and the Minister will make a determination on the implementation of such recommendations.

In the event the Sub-Committee is not able to agree on appropriate NPR recommendations, or if any other issues arising out of this Letter of Agreement remain in dispute, the parties shall initiate the dispute resolution process no later than one hundred and twenty (120) days prior to May 1st 2026 January 1st, 2026, unless otherwise mutually agreed to extend the date to no later than March 1st, 2026.

The dispute resolution process is as follows:

Step 1: the Executive Director of Provincial Health Labour Relations Service (PHLRS) and the Executive Director of the Union shall meet in good faith to resolve any dispute arising under this Letter of Agreement.

Step 2: Should a dispute remain after Step 1, either the Union or the Employer may refer the matter(s) for final resolution by an arbitration panel. The panel will be constituted as per the provisions of Article 13 of the Collective Agreement between the Union and the Employer. The panel shall have the authority to make a final determination with respect to NPR recommendations to be presented to the Minister.
